E. B. Thomas Outlines Future Policy
Which Calls For Equally as
Great Activity

The remarkable achievements of the Rush county chapter of the American Red Cross were recited at the annual meeting last night, in the reports which were submitted by the heads of the various departments, and the policy of the chapter in the future, which calls for equally as great if not greater activity since hostilities ceased, was outlined by E. B. Thomas, the chairman.

The same officers of the chapter were re-elected, with Mr. Thomas as chairman; Miss Henrietta Coleman, vice-chairman; Lewis M. Sexton, treasurer, and Mrs. Marian M. Jones, secretary. The report of the nominating committee, which was composed of A. L. Gary, A. L. Riggs and R. E. Mansfield, recommending the names of ten members, together with the chairman and secretary, as the executive board, and the names of twenty-five others, twelve from the city of Rushville and thirteen from the townships, as directors, was accepted without a dissenting vote.

The last task that confronts the Red Cross in dealing with the problems of reconstruction and creating an atmosphere to combat the current belief that the services of the Red Cross are at an end, with the war over, was briefly stated by Mr. Thomas. He referred to the calls for refugee garments and knitted articles which are already coming in, and to the program which has been worked out for the committee on civilian relief. He also mentioned the Roll Call week campaign, the goal of which is to enroll sixty percent of the population of the United States as members of the Red Cross, as the really big effort which will test the efficiency of the Red Cross organization.

The annual report of the treasurer, Lewis M. Sexton, covering the period from October 24, 1917 to November 16, 1918, shows receipts of \$20,640.95 and expenses of \$14,612.09, leaving a balance of \$6,028.86 in the treasury. The main items of the expense consist of \$10,045.42 expended for materials and supplies, \$3,948 as the American Red Cross' share of membership dues and \$618.67 as miscellaneous expenses.

A supplementary war fund report reveals \$30,775.17 paid in on the two war fund campaigns, counting a balance on hand of \$3,229.80 October 24, which had been collected previous to the last annual report.

The true test of the Rush county chapter's worth rested with the women, upon whom fell the responsibility for meeting the quotas for surgical dressings, hospital garments, knitted articles and wearing apparel for the people of the stricken European countries. Their reports disclose how well they discharged their duties.

The report of Miss Sue Gregg, who is in charge of the knitting department, covering the period from August, 1917 to November 19, 1918, showed the following production:

Sweaters, 964; pairs of socks, 2,533; helmets, 6; wristlets, 138; scarfs, 240.

The report of the sewing department.

RED CROSS TREATED
NINETY-SIX CASESReport Reveals Remarkable Work
Done in Rushville During the Influenza Epidemic.

COVERS PERIOD OF 16 DAYS

Between October 24 and November 9, a period of 16 days the Red Cross treated ninety-six cases of the Spanish influenza. This was when the epidemic was at its height and the Red Cross relieved the situation by supplying nurses at a time when there were not enough nurses available so that each family could have the services of one.

The Red Cross work was directed by Miss Maud Hunt and she had as assistant nurses Mrs. Flodder, Mrs. Riggs and Mrs. Atkins. The following presented their automobiles daily for use in taking the nurses from one home to another and in serving hot soup, which was provided by the Red Cross: Mrs. Jones, Miss Mildred Oneal, Glen Sommerville, Miss Leah Oneal, Mrs. Gowdy and Miss Jennie Madden.

The ninety-six cases were confined to forty homes, five of the families having five patients ill with the malady at one time. In five homes were four persons afflicted all at one time and in seven homes there were three patients each. Five of the ninety-six patients died with influenza or complications arising from it.

UNDER ADVISEMENT

Evidence in the divorce suit of Carrie Younger against Charles Younger was heard by Judge Sparks in the circuit court yesterday and taken under advisement.

SIX NEW CASES OF "FLU"

Two of Number Reported Yesterday
and Today School Children

Six new cases of influenza, two of the patients being school children, were reported to the city health board yesterday evening and this morning. This makes four cases which have developed in the city schools.

The new cases are Miss Marcella Coyne, Miss Margaret Mahin, Miss Letha Dye, Mrs. Harry Wyatt, Mrs. Will McGuire and Jack Mahin, son of Mr. and Mrs. Howard Mahin.

GOLD STAR IS ADDED
FOR JAMES SHANNAHANShort Memorial Services Are Held
at St. Mary's Catholic Church
Wednesday Night

ONE OF HIS LETTERS READ

Memorial services for James Shannahan, former Rushville boy who was reported to have died of wounds sustained in action October 16, which were held at St. Mary's Catholic church last night following the regular Mission service, was attended by a large crowd of people and was very impressive. The Rev. M. W. Lyons read parts of a letter he lately received from Private Shannahan, in which the soldier said that he felt it was his duty to get into the war. He was twice denied a commission on account of physical unfitness and then enlisted as a private.

The Rev. Father Lyons made a short talk in which he spoke of the patriotism of American boys as exemplified by Private Shannahan, who persevered until he was finally accepted for the army.

The gold star added because of Private Shannahan's death, is the first one in the Catholic church service flag.

CHASE STEWART DIES
IN HUNTING ACCIDENTOne Side of His Face Blown Off
When Shotgun is Accidentally
Discharged Wednesday

WITNESSED BY HIS COUSIN

Chase Stewart, age 15 years of Mays was instantly killed in a hunting accident yesterday, when his gun was accidentally discharged.

He and his cousin, Lowell Mansfield, were on the Trabue farm hunting yesterday afternoon and while they were climbing a fence, Stewart's shotgun was in some manner discharged and shot off one side of his face.

No one will ever know just how the accident occurred as Mansfield did not notice Stewart until he heard the shot and saw him falling. The deceased was a member of the Christian church. He leaves his parents, Mr. and Mrs. Charles Stewart, two sisters, Mabel Irene and Ruby, and one brother, Earl, besides two grandmothers, Mrs. Stewart and Mrs. Fannie Emay. The funeral services will be held tomorrow afternoon at 2 o'clock at Center church, with burial in the Center cemetery.

LEAVES IN TWO WEEKS

Miss Nelle Baldwin, Latin teacher in the high school here, who has been accepted for the Y. M. C. A. overseas service, received orders last night to report at Barnard college, New York City, Wednesday, December 4, for instruction. She was first instructed to report yesterday, but did not get the order in time.

GERMAN FLEET
IS SURRENDEREDTen Dreadnaughts, Six Battle Cruisers,
Ten Light Cruisers and Destroyers
Given Up

PASS THROUGH ALLIED LANE

Americans Continue Advance Toward
Rhine, Occupying Score
of Villages and Towns

(By United Press.)

London, Nov. 21.—The German fleet has surrendered to the grand fleet, the British admiralty announced today.

The American battle squadron and French cruisers and destroyers participated in the ceremony.

The German fleet comprising ten dreadnaughts, six battle cruisers, ten light cruisers and a number of destroyers, was to meet the allied fleet in the North Sea, off the English coast, for the surrender.

According to plans, the German warships were to pass down a long lane of allied craft. The surrender was to be received personally by Admiral Beatty, commander of the British grand fleet. Admiral Rodman is the American commander.

Four hundred allied vessels—the biggest fleet ever assembled—are reported to have met the Germans. The fleet includes five American dreadnaughts.

The surrender is understood to have taken place at a point about sixty miles east of May Isle.

The German fleet followed the prescribed plan in surrendering, with exception of one ship, which is now enroute.

The admiralty made the following announcement:

"The commander in chief of the grand fleet reported at 9:30 this morning that he had met the first and main installment of the German high seas fleet, which is surrendering for internment."

On Soil of Four Countries

With the Americans Advancing Toward the Rhine, Nov. 21.—The American army of occupation is now standing on the soil of four countries—France, Belgium, Luxembourg and German Lorraine.

Today's advance resulted in the occupation of a score of villages and towns. We reached Vitry, ten miles north of Metz. American outposts are now only a few miles from the city of Luxembourg.

The mayor of Luxembourg crossed the lines in an automobile and paid his respects to Gen. Pershing at Longuyon, which is now his headquarters.

In German Lorraine the Americans were welcomed by the inhabitants of French extraction. Those of German descent looked on sullenly.

The Germans sent some staff officers to army headquarters to arrange for handing over the material at Longuyon. This included thirty-nine locomotives, 300 guns and thousands of rifles.

French Occupy Budapest

London, Nov. 21.—The French occupied Budapest, capital of Hungary, on Sunday, it was announced here today.

The French troops occupying the Hungarian capital, included a division of 8,000 men, according to dispatches from Berne.

SUBSCRIPTION RATES UP.

Birmingham, Ala., Nov. 21.—The subscription prices of the Birmingham Ledger have been advanced to 15 cents a week, carrier delivery, the advance in mail rates having been made effective October 1, 1919, at \$6 a year. Announcement is made of a further advance in the mail rate, effective January 1, to \$7 a year.

DENOUNCES TAKING
OVER OF CABLESSenator James E. Watson Charges
President With Bad Faith and
Violation of Law

REASON IS SINISTER ONE

Controlling Cables and Express
Companies Opening Doors to
Socialistic Government

(By United Press.)

Washington, Nov. 21.—Charging President Wilson with bad faith and violation of the law in taking over express and cable companies, Senator James E. Watson of Indiana today declared that the only reason for this action "is the sinister one that is a part of the general policy of government ownership, the opening door to a socialistic form of government."

Watson's speech caused a flurry in the senate.

"I believe the step was taken because the president is loath to give up any of the war powers conferred on him by congress, and his subordinates; especially some of those in the cabinet are unwilling to relinquish power unless compelled to do so."

Watson said it is significant that the cables were taken over on the eve of the president's visit to a foreign country. He added that he had no quarrel with the president's decision to go abroad, "although it was not necessary, provided he had been willing to confide in some of his fellow citizens."

"When President Wilson leaves this country, the cables are as good as cut," Watson added, declaring that he took it for granted nothing that was said in the senate would get to Europe and nothing unfavorable to the president would get here.

"With George Creel controlling information abroad and with Burleson controlling the cables here, the country may be wary," Watson said.

CONGRESS AGREES TO
ADJOURN AT 5 TODAYResolution to End Long Session
Meets With Senate Opposition
Finally Passing 41 to 18

GOVERNMENT OWNERSHIP BILL

(By United Press.)

Washington, Nov. 21.—Congress today agreed to adjourn at five o'clock, ending its long session. The next congress will convene December 2.

The adjournment resolution was accepted unanimously in the house but in the senate it met with some opposition. It was finally adopted by a vote of 41 to 18.

Sen. Lewis, democratic leader, introduced a resolution committing the senate to government ownership of all public utilities, including telegraph and telephone lines and railways, and of a merchant marine, also of "natural agencies for the production of fuel."

The senate committee on elections by a vote of 6 to 5, killed the proposed investigation into the election of T. S. Newberry, to the senate from Michigan.

TO STRAIGHTEN TANGLE

(By United Press.)

Washington, Nov. 21.—Will H. Hays, republican national chairman, arrived here today in an effort to straighten out the fight between the progressive and old guard republicans over organization of the house and senate after March 4. He conferred with Senators Lodge and Curtis.

PRISON SENTENCES
INVOKED BY COURTClarence and Frank Talbert and
Charles Malott Must Serve Terms
in State Reformatory.

SILVERTON MILLER IS SENT

Sentence to Penal Farm Given Feb.
15, 1916. Inflicted—Number of
Criminal Cases Dropped.

A large number of criminal cases have been wiped off the criminal docket in the circuit court, many of them being dropped because the defendants can not be found, and in two instances, suspended sentences have been revoked, which resulted in four being taken to penal institutions today.

Three of the number were Frank Talbert, age 23 years; Clarence Talbert, age 18, and Charles Malott, age 19, who together with Carl Rhoades, were sentenced to serve terms of one to fourteen years in the state reformatory, on September last, when they pleaded guilty to the charge of stealing an automobile here. They were arrested in Louisville and were in jail here several weeks before being sentenced.

Their sentence was suspended at that time, but recently a number of violations of the law, including the theft of two bicycles, the robbery of the hotel in Carthage and the passing of a bogus \$10 bill, were attributed to the two Talberts and Malott, and they were arrested Monday, November 4. It was proven beyond any doubt that they were guilty, which resulted in Judge Sparks ordering the penalty to be put in effect. At the time they were sentenced, the boys were fined \$1 and costs and rendered incapable of holding any office of profit or trust for a year. They were also disfranchised.

The same action was taken in the case of the state against Silverton Miller, who was sentenced to serve six months in the state penal farm, and fined \$50 and costs when he pleaded guilty to a charge of wife desertion February 15, 1916. The sentence was suspended at that time but the suspension has been revoked on account of the defendant not having behaved well, and the penalty ordered inflicted.

Irvin Stevens, who was sentenced in the local court December 17, 1912, to serve a term of one to eight years on a charge of larceny, has been finally discharged on the recommendation of the board of trustees of the state reformatory.

The charge of grand larceny against Ralph Wagoner has been dismissed on account of the defendant being in the army.

The case of assault and battery with intent to kill, against Robert Laughlin, and of wife desertion against Clarence Borem, have been nollied on the motion of the prosecutor on account of the lack of evidence.

The petit larceny charge against Thomas McKee and Edward and Herbert Gorman was dismissed as to the two Gormans.

A motion for a change of venue in the case of the state against Albert Curry for trespass, has been overruled.

The following state cases have been dropped from the docket on account of the inability of the officials to locate the defendants:

State vs. Gordon Noble, wife desertion; Iona Reufenacht, accused of a serious offense; William Richetts, issuing a fraudulent check; Martin Kimley, grand larceny; Fred C. Schrieber, grand larceny; Herbert Maple, forgery; Henry Smith, seduction; Samuel Smith, public intoxication; Ephraim Wiley, wife desertion; Charles Davis, assault and battery and assault and battery with intent to kill; Sam Smith, drawing deadly weapons.

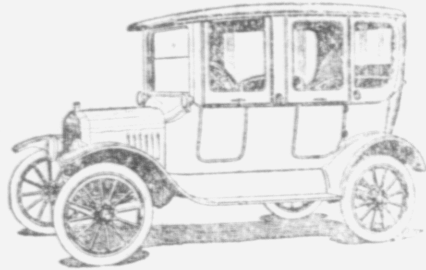

DANGER AFTER SPANISH INFLUENZA OR GRIPPE

How it Can Be Avoided and Treated. Simple Rules to Be Followed. No Occasion for Panic

No need of anyone being afraid of the after effects and slow recovery from Spanish Influenza, hard colds or Grippe. If they will use common sense and start in building up their health and strength the right way. The main thing is to get the blood rich, red, and pure, so it can carry life-giving oxygen and strength to every part of the body. Impure blood is the cause of so many slow recoveries and set-backs. Doctors say: "Get the blood right and the rest is easy, that nine-tenths of all sickness is due to lack of iron and phosphates; the healthy strong, vigorous man or woman's blood is always loaded with these two life-giving elements". Physicians also claim with fresh air and nourishing food nothing equals Phosphated Iron as a blood tonic and health builder. Phosphat-

ed iron takes hold from the first dose. Results are seen and felt; strength returns, food digests, appetite picks up, sleep is restful, there is a color in the cheeks and a sparkle to the eye that only blood charged with iron and phosphates can give. It is the duty of everyone who has had Spanish Influenza, Grippe or a hard cold to build up their system with nature's tonic, Phosphated Iron. It sure is health protection. Safety first. The results will repay you many times. Give yourself a show. Special notice: To insure doctors and their patients getting the genuine Phosphated Iron we have put in capsules. Do not take pills or tablets. Insist on capsules. Pitman & Wilson, the Druggists, and leading Druggists everywhere.

IS EQUAL TO ANTHRACITE

Cord of Some Kinds of Wood Has as Great a Heat Value.

In heating value one standard cord of well-seasoned hickory, oak, beech, birch, hardmaple, ash, elm, locust or cherry wood is approximately equal to one ton (2,000 pounds) of anthracite coal, according to estimates by the Forest Service, United States Department of Agriculture. However, a cord and a half of soft maple and two cords of cedar, poplar or basswood, are required to give the same amount of heat.

One cord of mixed wood, well seasoned, equals in heating value at least one ton of average-grade bituminous coal.

NO SHORTAGE OF SEED CORN IN THIS STATE

Will be Plenty, Judging From the Amount of Corn Gathered and Stored This Fall

DRY CORN BEFORE STORING

Lafayette, Ind., Nov. 21.—There will be no shortage of seed corn in Indiana next spring as there was last, judging from the amount of corn gathered and stored properly this fall, declared C. Henry of Purdue University, state leader of the fall selection campaign. "Reports from nearly all the counties show that a great majority of the farmers went into the fields before corn cutting and selected the best samples for seed purposes. Those who practiced field selection in most cases stored it properly, so that it is dry enough that freezing weather will not hurt it".

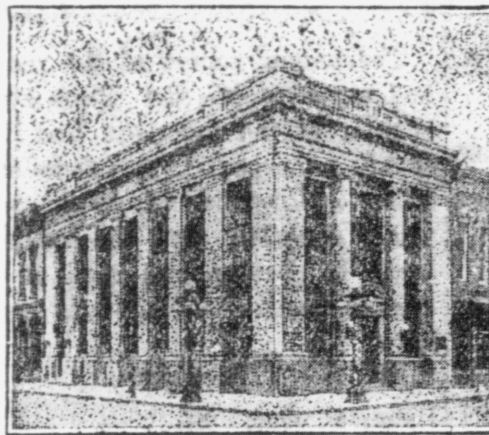

Advices from some counties show that 90 percent of the farmers have their seed gathered, while a number of others indicate that 75 percent or more have their seed selected and stored. Those who haven't their seed yet are planning to get it at hatching time, the second best time for selection.

"Through the work of the county agricultural agents and their supporters this fall, and the memory of the high prices last spring because of the shortage, Indiana farmers have gone over the top on this drive and taken care to prevent a repetition of last winter's worries," concluded Mr. Henry.

Mid-Season Clearance

Friday, November 22nd to Saturday, November 30th

There's no dodging facts—we've been hit by the unseasonable weather which prevailed during the entire Fall season to say nothing of the influenza epidemic. Our various departments—particularly the section devoted to women's apparel are still crowded with merchandise which has not been moving on account of the unusually warm weather. We've full twice as much Fall and Winter merchandise on hands as we should have. We must get out from under, we must sell this merchandise at once, or else we must face the necessity of carrying it over into another season—a thing never done here. In order to get out from under we have sacrificed profits with reckless prodigality. Clearance is what we want, and clearance is what we will have regardless of the losses involved.

Dime Capitalists

In many large banks the bond departments are being reorganized, and among new features contemplated is a greater abundance of bonds issues in the lower denominations. The innovations arise from the conviction of the directorates that they will soon have to deal with a new type of investor—the type that has never invested before.

Those of us who have been in the habit of putting their savings into bonds hardly realize how widespread an ignorance has existed regarding this class of investment. But any Liberty bond salesman has realized it by this time. He has worked to exhaustion answering questions which he thought anybody could

Sap and Salt

By BERT MOSES

Never spank a bee!

Investigate all you please, but don't be a snooper.

The penalty for knocking is to be knocked.

How much worse the itch would be if you could not scratch!

Just about the time your hair stops growing, your waist line begins.

A bad habit sticks as tightly as the drawers in a cheap bureau on a damp day.

The increase in rubbernecks keeps pace with the tendency to cut skirt waists lower and lower, and skirts higher and higher.

answer. "What's a coupon?" "Can you buy groceries with it?" "Can you sell a bond after you have bought it?" "Must you take it to Washington to sell it?"

These mysteries are now cleared away, and most people know you don't save bond coupons up to a total of eleven hundred and then trade them in for premium coffee-pots or tobacco-humidors. The Liberty bond campaigns have elucidated these things—and a few others.

It has taught that the bond department of a state or national bank is widely different from a fraudulent bucket shop. Banks of standing cannot afford to offer doubtful securities for sale; they prosper or decline in proportion as their customer win or lose. One cheated customer could set up a squeal that would wreck the institution.

The movies have fed us to repletion on Wall St. romances in which some sinister broker always plays a leading part, and those who get their ideas from movies felt more inclined than ever to hide their savings in mattresses. But they can do better now.

According to General Du Pont it will take about two years to demobilize the American army. There will be plenty of work for our soldiers to do in France after peace has been signed, so that there is no fear of a period of unemployment at home. On the contrary, the work of reconstruction will mean a tremendous circulation of money and its distribution into the hands of the masses in America, and the more readily it is invested by them in sound securities the faster will capital be available for expanding reconstructive programs to more ambitious dimensions.

Peace will bring with it a greater stimulus to saving among the wage earners than ever inspired them before. And here is the keystone of national prosperity.

Irvin S. Cobb says his idea of punishing William Hohenzollern be to let him wander over Europe with his staff and see how well the world can get along without him. This form of punishment might be severe enough, but it wouldn't be safe enough for the former kaiser in some places in France.

The president probably knows that a republican congress can get along without him, which accounts for him placing no limit on his stay in Europe.

President Wilson, like Col. Roosevelt, might have waited until after the next election and then gone off to the jungles.

To all intents and purposes the war is ended, but the government continues to take over the cable lines, then the express systems, and

Influenza and kindred diseases start with a cold.

Don't trifle with it. At the first shiver or sneeze, take

now the telegraph lines. It might not be such a calamity if, after the government takes control, rates were not always boosted.

Being the kaiser and All-Highest may be very interesting and delightful, but who would want to be an Ex-All-Highest?

This will be the greatest Thanksgiving since the days of the Pilgrim Fathers. One hardly knows how to specify the causes for thankfulness. However, we might mention Peace by Victory, Marshal Foch, General Pershing, the French 75's, the Yanks the Gobs, the 1918 wheat crop, sugar substitutes, cranberry sauce and pumpkin pie. Add other to suit your individual taste.

After our stunt of wild rejoicing is over will come the serious national questions of reconstruction and re-adjustment. Attention, class! Careful study and close cooperation will be required of us all.

Will our boys like the home menu when they return? Or will we all have to learn to make stew?

Achievements of Red Cross Revealed in Annual Reports

ment, or what is commonly known as the work shop, which is in charge of Mrs. Phil Wilk, was as follows:

Hospital garments, 6,006; hospital supplies, 7,036; miscellaneous pieces; 1808; comforts and rugs, 197; relief articles, 1,108, making a total of 16,155 garments. This report covers the sewing department of the sixteen auxiliaries, exclusive of the Ripley and Anderson township auxiliaries at Carthage and Milroy, which shipped their output direct to France.

The urgent need of workers in this department is revealed by the fact that a new quota has been received for 1,700 articles. Women who have been engaged in the surgical dressings classes, which have been disbanded, are requested to enlist in the sewing department.

Mrs. Willard Amos, who is in charge of the work of the auxiliaries, made the following report, which covers the period from Mar. 9, 1918, when she took charge, to November 20, 1918:

Material for 2,528 hospital garments sent to auxiliaries and 3,882 hospital garments received, (the difference between the number sent and received being due to the fact that she received many garments made of material sent out before she took charge); material for 897 relief garments sent, and 824 received; yarn sent (since June 10) 2,067 hanks and received 633 pairs of socks, 147 sweaters, 11 helmets and one scarf.

A report by the secretary showed a total of \$359.89 donated to the Rush county chapter by the various auxiliaries and by individuals who conducted auctions and sales for the Red Cross. The itemized report follows:

1917
Nov. 21—School No. 1, \$23.00;
Nov. 30—Noble township, \$10.83;
Dec. 1—Shively's corner, \$8.81.

1918
Feb. 8.—Mays Auxiliary (Center township), \$75.00; Feb. 19.—Glenwood Embroidery club, \$5.00; Mar. 15.—Orange township (boys cutting wood), \$4.00; April 27—Pleasant Ridge Epworth League, \$4.00; May 29—Washington township (war garden), \$37.75; June 24—Union township (corn), \$3.00; August 23—Richland township, (Mrs. C. E. Kincaid), \$62.75; October 11—Posey township, (second war fund), \$25.25; Nov. 13—Manilla, \$100.; Nov. 13—Orange, \$50.

"This is a critical time in the history of the Red Cross," said Mr. Thomas. "There is a disposition on the part of the workers to relax because the war is over. The Red Cross was not organized for the duration of the war. It will continue to be an active relief organization."

He pointed out that its usefulness had not ended by any means and that the need of it was equally as great now as it was during the war. Mr. Thomas said that there is nothing in the world which equals it in volume and the mere fact that it is a volunteer organization reduces red tape to a minimum and makes it mobile. He illustrated this by the fact that the war department, which was not able to carry out its Christ-

mas program for the soldiers overseas, had to call on the Red Cross to make sure that every man gets a gift.

"To tell the story of the Red Cross," he continued, "is to tell the story of the work of between one million and two million women. We are told that the Red Cross won the war. It did in keeping up the morale of the French, in supplying the American hospitals and in caring for the refugees of countries overrun by the Germans."

Mr. Thomas recalled that the American Red Cross never had a membership like other countries, but now the need of it is seen. The slogan of the organization now is he said, "Carry on." A refugee garment now may mean a life saved, Mr. Thomas declared, and there is also urgent need of socks and sweaters. The chapters are not assigned a definite quota, but are asked to decide for themselves what they can do.

"We must create an atmosphere in Rush county," Mr. Thomas asserted, "to overcome the widespread belief that the activity is over, in order to sustain the Red Cross."

The great program ahead of the civilian relief committee in assisting returning soldiers, who are not so badly injured that they will come under the list of disabled men and be cared for by the government.

The one big objective of the Rush county chapter, Mr. Thomas said, is Roll Call week next September, when an effort will be made to recruit sixty percent of the population for the Red Cross. In this connection, he announced that Dr. Francis who was in France several months, would be here November 29 to give an illustrated lecture in the interest of the membership campaign. Dr. Francis will have three reels of moving pictures showing the work of the Red Cross in the war.

The supplementary war fund report is as follows:

Balance Oct. 24, 1917 .. \$ 3,229.80

Days Pickings

Miss Marcella Coyne is ill at her home with the Spanish influenza.

A nine and a half pound girl was born to the wife of Russell Barringer this morning. The child has been named Katherine Elizabeth.

Bert Reeve has completed a large sale barn on his farm west of the city, one of the most completed and convenient in the county. M. M. Winship had charge of the building.

Mauzy Bebout and family will occupy the McFarlan property in North Perkins street, as soon as it is vacated by the county treasurer, John W. Williams, who will move to his farm near New Salem.

Local merchants have entered a complaint about children carrying away Christmas goods which are on display in their stores. They say that the children actually commit thefts without realizing what they are doing, and that business houses suffer heavy losses thereby. Business men declare that if parents, when they know their children have done such things, do not help to stop the practice, an example will have to be made of some of them.

Amusements

"Bound in Morocco" Tonight

Tonight and Friday Douglas Fairbanks will be shown at the Princess theatre in "Bound in Morocco" a very clever vehicle for Mr. Fairbanks, whose athletics and smiles are constantly in evidence. Another attraction for this evening is the "Allied War Review" and also Mack Sennett in a comedy entitled, "Ladies First". Saturday Alice Joyce takes the leading part in "The Highest Bidder" and Charles Murray will be seen in "Love Loops The Loop."

REAL ESTATE BUSINESS FOR PERIOD IS LIGHT

The real estate business for the period covering the first half of November was light, according to transfers in the recorder's office. Total considerations mentioned in the records are \$71,989.16 and the number of transfers is smaller than usual. The largest single sale of \$14,000, which sum was paid for a farm of 120 acres in Ripley township. The transfers follow:

Health

THE MAN WHO SUSPECTS that he has kidney trouble and neglects to take measures promptly for its relief is taking a dangerously unwise risk. If the kidneys are not properly performing their function of purifying the blood stream, waste products and poisonous acids remain in the system and cause nervousness, rheumatic pains, backache, languidness, sore muscles, swollen joints, stiffness, puffiness under eyes and other weakening symptoms.

Foley Kidney Pills

restore and regulate the healthy and normal action of kidneys and bladder, bringing clean blood, sound nerves, clear head, good digestion, active brain, and all 'round vigorous health.

M. W. Taylor, Calvert, Ala., writes: "My ailment is kidney trouble. I tried three different remedies, but none gave me such relief as Foley Kidney Pills."

15 EGGS A DAY FROM 23 HENS, IN WINTER

Winter, Until He Tried This Plan.

Mr. Duni's Hens Hadn't Laid All

"We have 23 chickens and hadn't had an egg all winter. In five days after feeding Don Sung, we got four to five eggs a day; in three weeks, we were getting 10 to 12 eggs a day; in five weeks we got 15 to 19 eggs a day."—John Duni, Box 102, Cherry Valley, Pa.

Mr. Duni started giving his hens Don Sung last January in zero weather. He now keeps his hens busy in cold weather, when hens usually stop laying. A trial costs nothing. Here's our offer:

Give your hens Don Sung and watch results for one month. If you don't find that Don Sung pays for itself and pays you a good profit besides, simply tell us and your money will be refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be promptly refunded. Call at our store today for a 50c or \$1.00 package.

Threatened With Pneumonia.

Mrs. Mary Kisby, 3533 Princeton Ave., Spokane, Wash., writes: "I was sick in bed with la grippe and threatened with pneumonia. I coughed so very bad. I sent and got a bottle of Foley's Honey and Tar Compound and it stopped my cough and I got better, so now I am around the house. I am 75 years old and can say as long as I live I will praise your medicine." Thousands of men, women and children can testify to splendid results obtained with Foley's Honey and Tar in treating coughs, colds, croup and whooping cough. F. B. Johnson.—Adv. 8

IS IMPORTUNED TO GET SONS RELEASE

Con. Richard N. Elliott's Good Offices Sought to Restore Boys to Civilian Life

HE IS POWERLESS TO ACT

Cites General Order Just Received From Secretary Baker Showing Plans of Department

Connersville, Ind., Nov. 21.—Ever since the signing of the armistice Congressman Richard N. Elliott, who is at home, has been importuned by fond parents and anxious friends to use his good offices to the end of securing the immediate release from military or naval service of this, that or the other boy, either at some home camp or abroad.

Mr. Elliott, as is his way, has heard all these appeals in the kindest spirit, but he has felt his inability to do much in the way of answering them. The fact is that every other Congressman in the United States has been stormed by similar appeals. For all of these prayers—which are as human and natural as anything in the world—were answered, there would be such disruption and confusion in the ranks of the United States army and navy as no word but rout would fit. Moreover, the army and navy proceed under rules which a Congressman cannot change, any more than he could bid the sun stand still and be obeyed.

Congressman Elliott has just received the following general order, signed by Secretary Baker, which sets out some of the Government's intentions, and which he requests to be published, believing that it will set the whole case more clearly before the people:

The signing of the military armistice enables us to suspend the intensive military preparation in which the country was engaged. It does not, however, signify the formal end of the war and it will, therefore, be necessary for us to keep under arms a substantial army until we are certain just what the military needs of the country will be. The men in service in the United States will be demobilized as rapidly as is consistent with the needs of the Government and the War Department is working with the other agencies of the Government toward a rapid reestablishment of normal business conditions and the restoration of the soldiers to their homes and occupations. In the meantime I desire to express to the officers and soldiers under arms in the United States the appreciation of the department for their patriotic zeal and service. That they were not called upon to go abroad and not permitted to participate in the historic struggle in France leaves them none the less a part of the great Army of our nation and entitled to the thanks of the nation for their readiness to serve. All officers and men can rely upon the sympathy and activity of the department in their early return home. Both officers and men will realize that it is their duty to continue with the training and work, and to maintain in the highest degree the discipline and soldierly bearing which is the great glory of the Army, of which they are a part.

PARCELS POST NOT MERGED
Washington, Nov. 21.—Express business will not be merged with the parcels post as a result of government operation of the American Railway Express Company, effective at once. This assurance was given today by railroad administration officials in reply to suggestions that express transportation might be abolished by the postoffice department.

60 DEGREES ALL NIGHT

Just think of the happiness and comfort that warm, evenly heated rooms hour after hour on long wintry days give you and your family—a temperature that will be kept at exactly the degree set.

Consider the fact that your heat is turned on automatically in the morning before you arise so that you will have no shivering with your dressing.

Consider what it means to be away from home and know that the heating plant cannot over-heat and cause a fire or damage the plant—that the heating plant needs no vexing attention whatever.

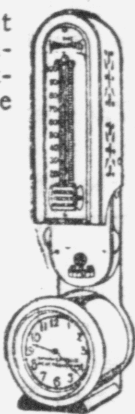

The MINNEAPOLIS HEAT REGULATOR
"The Heart of the Heating Plant"

Revolutionizes heating plant attention by doing all this for you. It gives an unvarying temperature at any degree you desire and affords a decided saving of fuel.

Mr. and Mrs. Alden Johnson, living near Rushville, entertained the following guests for dinner Sunday: Mr. and Mrs. Claude Krammes and family, Mr. and Mrs. Earl Wilson and family, Mr. and Mrs. James Johnson and family; Mr. and Mrs. John Meukam and Miss Lillian Kirtley of Connersville.

Mrs. Guy Abererombie will be hostess for the members of the Grand club Tuesday afternoon.

The members of the War Mother's club will meet Saturday afternoon at the home of Mrs. Elmer Humes in North Harrison street.

Mrs. Charles Frazee will entertain the 500 club tomorrow afternoon at her home in North Main street.

Tomorrow evening at 7:30 o'clock the members of the Rebekah lodge will meet and a good attendance is desired as officers for the coming year will be elected.

The Dunning Music club Study held its first meeting last evening at the home of Mrs. Will Meredith. A very interesting program was given with Miss Mary Helen Elder as the leader. The following new officers were elected: Katherine Blount, president; Margaret Herkless, secretary; Kenneth Craig, treasurer.

At the home of Mr. and Mrs. Roy Murphy in New Salem, the members of the I-U-Go club and their families were entertained last Friday evening. Besides the thirty-five members of the club, there were three guests, Mrs. Elmer Darnell and Mr. and Mrs. Ed Logan.

Mrs. Earl Moore was hostess last evening for the members of the Kappa Kappa sorority at her home in North Harrison street. During the business session there were

Martha Poe chapter No. 143, O. E. S., will have a called meeting in the Masonic temple tomorrow night at 7:30 o'clock. The degree will be conferred and a large attendance is desired.

Mrs. Will Sparks entertained the members of the Pirate Bridge club this afternoon at her home in North Main street. The afternoon was enjoyably spent over the tables.

Last evening about twenty-five members of the Loyal Daughters French class met in the parlors of the church and began the study of French. They are studying "Soldiers' Spoken French," which is under the direction of Mrs. Albert Allen, who has made it a study for many years. The next meeting will be held Monday evening promptly at 7:30 o'clock in the parlors of the church.

A number of social affairs have been given this week in the honor of Mr. and Mrs. Guy Gordon's house guest, Miss Benie Weigand of Indianapolis. Mrs. Gordon entertained Tuesday afternoon with a sewing party, Miss Bertha Helm with a theatre party, Mrs. Guy Mulbarger, this afternoon with a bridge party, and Mr. and Mrs. Lincoln Gary entertained last evening with a dinner party.

Secretary of War Says Colleges Will be Assisted in Returning to Normal Courses.

NO HARDSHIPS INFLICTED

Washington, Nov. 21.—Studies are being made of the situation in which the ending of the war leaves the students' army training corps. Secretary of War Baker says, in order that measures may be adopted to permit the release of such of its members as desire an immediate return to civil life, or who wish to continue in school, but in purely academic courses.

Mr. Baker said that the colleges concerned would be assisted in returning to their normal work, and that whenever they had a student body sufficiently large to resume functioning on a prewar basis their obligation toward the war department would be cancelled. Whenever it is found that a school's resources and students had been turned over to the government plan so far that the change can not be made, he said, the present arrangement would be continued.

State Officials Continue to Insist On Early Shopping

Indianapolis, Nov. 21.—Efforts of the state officials to urge early Christmas shopping will not be relaxed even if the armistice has been signed, it was learned today. The state council points out that stores will not be able to procure extra clerks during the holiday season to take care of rush business and that all stores are pledged not to keep open long hours.

Shopping should be done this month or the first week of December at the latest, it was declared, in order to get away from the usual jam just before Christmas.

PRIVATE HARTMAN TELLS OF HORRORS

Former Osgood Boy Serving With Marines in France Writes of Experience on Front.

JULY 4TH PARADE IN PARIS

Says Marines Were Highly Praised By Generals Foch and Pershing.

Leo. L. Hartman, 80th Co., 6th Reg., U. S. Marines, A. E. F., who has many friends and relatives in this county, writes from France and says that his battalion was the first American unit to arrive on the Chateau Thierry front. He declares that he met a lot of French and Algerian soldiers leaving the line who were very discouraged and who said that the Germans would be in Paris in four days. "However," Hartman continues, "we just laughed at them and continued on our way." Hartman declares that he had an inexpressible sensation when he came to hand-to-hand fighting; that he could hear bayonets clashing on every side of him, and see men falling all about him.

"At night time the sky is all lit up from the heavy gunfire. It looks like an electric storm and sounds a hundred times louder; the earth rocks like a cradle and I often wonder what holds it together when it swings and rocks so much from the heavy cannonading," declares the marine.

He says that it is a common sight to see marines sitting about when out of the line reading their testaments, and that war will surely reform the most of them. He asserts that the marines have been highly praised by Generals Foch and Pershing for bravery and we have the name of saving Paris from destruction. He says that after 41 days they started back and thought they were going to get a long rest but instead landed on the Soissons front, where he was wounded in the hip by a high explosive shell.

Hartman says that he has been over the top five times and does not understand how he has escaped alive, for the Germans try in every possible way to kill them; and he goes on to say that he speaks German and enjoys conversing with the prisoners who tell them all kinds of lies, some saying that they are starving in Germany while others say that they have plenty. However they

know that there is no chance of winning the war and say that it will be over in a few months.

He declares that the stories of the horrors of war are not exaggerated in the least for the Germans will not stop at anything; that it is a common thing to see Belgian women and children with an arm or leg off. He also states that many of the soldiers in action go raving mad because of the terrible scenes and unspeakable noises. "I have not gone mad, but I have been so weak after an encounter that I could scarcely carry my rifle," continues Private Hartman.

He closes by declaring that he was in Paris on the Fourth and saw the parade which was given in honor of our Independence Day, and says that the French people strewed flowers all over the streets and pinned them on every American soldier they saw. He writes that the city rang with "Viva la America."

Private Hartman formerly lived in Osgood.

FORMER KNIGHTSTOWN MAN IS DECORATED

Colonel Ham, Who Was Wounded in Action, is Awarded Distinguished Service Cross

DISPLAYED GREAT HEROISM

Colonel Samuel V. Ham, formerly of Knightstown, who was reported wounded severely in action and has been awarded the distinguished service cross, according to an announcement from Washington.

Colonel Ham is a graduate of West Point and has been in the regular army for several years. He was with the 109th. infantry when he was wounded. The announcement concerning his decoration is as follows:

"For extraordinary heroism in action near Magneux, France, September 6, 1918. By courageously leading his firing line in the advance across the Velle river from Magneux towards Mascourt, Colonel Ham exemplified the greatest heroism and truest leadership, instilling in his men confidence in their undertaking, having been severely wounded, and unable to move, he remained for ten hours on the field of battle, directing the attack, and refused to be evacuated or receive medical attention until his men had been cared for."

LET THESE COLUMNS BE YOUR GUIDE

The Biggest Money-Maker on the Farm

Every good farmer MUST have a plow, a cultivator or a wagon and some other things. He cannot raise a crop without a plow, but he can raise a crop, such as it is, without a manure spreader.

All farmers buy plows, cultivators and wagons because they have to, just as the small boy goes to school because he is compelled to.

When a boy grows big so he knows the value of schooling, he goes because he wants to. When a farmer grows big to know the value of a manure spreader and how many more bushels it will make each of his acres produce, he buys it, not because he is compelled to, but because he knows it is the best money-maker he can put on his farm.

If our country demands more food, if we must feed besides the people of our own United States, many of the peoples of the belligerent countries, our duty is plain—we must make every acre produce to its limit. There is no machine that will increase the otherwise normal output of any acre of ground as much as the manure spreader. There is no machine made today that will INCREASE the food production of this country as will the spreader. There is no manure spreader made that will come nearer the ideal or perfect machine than the RUSHVILLE SPECIAL. Spreaders you will find on our sample floor. Come in and see it.

SALE BEGINS AT NOON

The Spotted Polands is not a new breed of hog, older men will tell you they were the first Poland hogs imported here in this country. They are prolific, with good backs and a springy rib which enables them to carry the pounds. They are the kind that feed at any age and make a large and profitable hog for the farmer to raise.

SALE TO BE HELD RAIN OR SHINE in our new sale pavilion and hog barn. Come and inspect one of the best built barns in the Middle West. We will be glad to have everybody who is interested in the growing of swine to attend, as there is room for all. Come and look these hogs over before the sale. I can refer you to several Rush county men who have crossed them with other hogs for feeding purposes, and a number who have the pure bred ones from this herd.

The vital health building elements that these despondent women lack are all plentifully supplied in Bio-feren.

If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away.

It costs but little and you can get a original package at any druggist anywhere.

Take two tablets after each meal and one at bedtime—seven a day for seven days—then one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started your money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux Vomica; Powdered Ben-tan; Phenolphthalein; Oleoresin Capsicum; Kolo.

PIGS GET WORMS VERY YOUNG

The time to commence feeding ACME WORM BOUNCER is from the time they are old enough to eat. Feed from birth to maturity. It will only take a few cents worth to do it, and as "an ounce of prevention is worth a pound of cure," it certainly pays to start the pig off right, and if you do so you can keep him right. Worms are persistent pests and they must be fought continuously. There is more money in keeping your pigs free of worms than to let them get worms and even expel them.

WOMEN OF STATE TO GO TO LEGISLATURE

Main Fight Will Center on a Resolution Calling a Constitutional Convention

WANT EQUAL SUFFRAGE TOO

Indianapolis, Ind., Nov. 21—Women of Indiana are going before the next session of the legislature with a large program of reconstruction policies, leaders of various woman's organizations attending the annual meeting of the Indiana Federation of Women's clubs here pointed out today.

The main fight of the women will center on a resolution submitting the question of calling a constitutional convention to the voters. They believe that most of the objects which they wish to obtain may be obtained through a new constitution.

The women will also ask the passing of a joint resolution giving women equal suffrage with men.

Ratification of the amendment to the national constitution providing for prohibition will also undoubtedly be strongly urged.

City Officials Asks Changes in Statutes Affecting Cities of State

(By United Press.)

Indianapolis, Ind., Nov. 21.—City officials of Indiana meeting here yesterday decided to ask the legislature to pass laws providing for the following:

Increase of the tax levy for general purposes to \$2; home rule for cities; municipal control of such public utilities as gas plants and ice plants; give the mayor control over the police department rather than the city council; increase salaries for city officials and city employees.

For Burning Eczema

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or \$1.00 for extra large size, get a bottle of zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, penetrating, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

CLUB WOMEN HEAR TALK BY BARNARD

Today's Session of Federation Devoted to Consideration of the Food Question

RECOGNIZED AS PARAMOUNT

Dr. Barnard Hopes Staggering Cost Will be Justified by Permanent Peace

Indianapolis, Ind., Nov. 21.—Featuring the program of the Indiana Federation of Women's Clubs, in session here today, was the address of Dr. Harry E. Barnard, federal food administrator for Indiana, who discussed the enlarged responsibilities of the nation, in feeding the hungry world. The session of the federation was devoted to consideration of the food question, which was recognized as paramount, both as pertains to the reconstruction of the old world, and the successful readjustment of the new.

"We hope the staggering cost will in the years to come be justified by permanent peace" said Dr. Barnard. "We may well believe that when the weapons of war have been re-forged into instruments of peace, the plain people will never again tolerate any government which does not exist by their consent and function to their will. In upholding this new world, America must play the leading role. We have saved the soul of civilization. Now we must care for its sick body. And in the sick room of all Europe just as in the chamber at home, food is the prime essential to return to normal health.

"Famine breeds anarchy. A well fed people think straight outright, but hunger stirs the masses to revolution. Hunger is the mightiest weapon of destruction. Turned as it is, against millions in war torn Europe, it makes staple government impossible and before the winter we are now entering, is over, the hunger battle will destroy more victims than the four years of war. Our fields of wheat and corn, our cattle and hogs, our fats and oils are the only forces that will defeat hunger."

"The people of Indiana have been a mighty force in Hoover's army. They have fought with food until literally our slogan 'Food will win the war' has carried us over the top and forced the last citadel of the enemy. Will we continue the conservation program with a new slogan? Will the phrase 'Save food for humanity' strike the same responsive chord in the heart of every Hoosier?"

"The Food Administration will not disband. It will not relax its efforts and it will as always, look to the women of Indiana to do the work."

Dr. Barnard then outlined the plans for conservation week, December 2-7, which begins with a message to the people through the churches and closes with a special program in the schools.

TASK CONFRONTS HEALTH SERVICE

Problem of Combating Spread of Venereal Disease Among Civil Communities Big One

HAS ADDED IMPORTANCE NOW

Coming of Peace Makes it Necessary to Have Clean Communities for Soldiers.

Washington, Nov. 21.—The task of combating the spread of venereal disease among the civil communities of the United States, is a task that has taken on a tremendously added importance with the coming of Rupert Blue of the U. S. Public Health Service.

Fortunately, Congress enabled us to organize our Division of Venereal Diseases a sufficient time ahead of the coming of peace to enable us to make appreciable headway in the task of securing clean communities to which our returning soldiers may come. And, while the job of fighting vice diseases is first, last and all the time, a civilian job, it must not be forgotten that it was the vast amount of venereal disease that was creeping into our military service from civil life that first awakened us to the need of the work. The estimates of some of the military authorities were to the effect that no less than five-sixths of all the vice disease in the army was brought there from civil life.

Statistics dealing specifically with venereal disease among the men entering the training camps have just been issued. These figures deal with one million men, a quota from every State in the Union. These figures show that the State sending in the least proportion of men afflicted with vice diseases was Oregon with .59 per cent. The largest percentage of infected men was furnished by Florida with 8.9 per cent.

Statistics dealing with this subject since Congress placed the whole matter in charge of the U. S. Public Health Service are now being compiled and it is expected that they will show a marked improvement.

Rheumatism Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenhu, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenhu has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and piteous and where the patient was helpless.

Allenhu relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days. All druggists can supply you.—(Adv.) 1

Only Real Way to Get Rid of Corns.

Which do you prefer—a corn that pulls or a corn that peels? Buttery or blessedness? Only "Gets-It" can get rid of your corn the peel-off way, the blessed way. You don't need a pull.

"Corns Never Trouble Me, I Use 'Gets-It'!"

Why hump yourself up on the floor and with your jaws set and eyes popping from pain, jerk and gouge and cut your corns? Why irritate your toes with some salve or wrap your toes into a big painful bundle with some sticky tape or plaster? Life is too short. Use "Gets-It"—it takes a few seconds to apply and there's no fussing. Corns go. Wear new shoes if you want. Peel off the corn with your fingers—the whole thing, root and all, clear and clean, and it's gone! Only "Gets-It" can do this. Take no chances.

"Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfd by E. Lawrence & Co., Chicago, Ill.

INDIANA'S PART IN CONSERVING FOOD

State-wide Conference of Food Administrators and Others is Held Today.

STIRRING PATRIOTIC TALK.

G. Harold Powell Representing Herbert Hoover, says America Faces New Food Problems

Indianapolis, Ind., Nov. 21.—Indiana's extended responsibility in the conservation of food, was emphasized at a state-wide conference of county food administrator, presidents of United States food clubs, demonstration agents, Red Cross representatives and others, here today. G. Harold Powell, representing Herbert Hoover, federal administrator, now enroute to Europe for a world survey, made the principal address of the meeting, which was featured by a patriotic atmosphere and a determination to continue the work that has made a proud name for the state in all war activity.

"America is facing a new food problem, with the signing of the armistice," said Mr. Powell. "We are suddenly confronted with the question of helping to support two hundred million hungry European people. These include Belgium, Serbia, Holland, Greece, Portugal, and a population of nearly seventy five millions. They must be fed largely with imported foods. On account of the blockade, the northern neutrals, with a population of forty-one millions have been on low food rations and we must send them enough food to prevent the spread of anarchy and the break down of their governments. We must continue to send the seventeen million tons of food to our big allies, including England, France and Italy, with a population of 126,000,000, which the United States has promised to send. In Northern Russia there are forty million starving people. Their government and their transport systems are in chaos. They are without hope of help from the outside. Before the next harvest, the only people in Europe who will not have to depend on importation of food to take them through the winter are Hungary and Southern Russia.

"There is surplus enough in the world, except the group of fats, including pork oils and dairy products

DOCTORS URGE PEOPLE TO USE MORE IRON AND PHOSPHATES

They Come Out Strong For Phosphated Iron

Leading doctors all over the country are rapidly learning that one of the preparations they can always depend on for all blood and nerve troubles is Phosphated Iron, they have found that it gives results and can be depended upon.

Phosphated Iron has proved a real red blood and nerve-builder to so many who are all run down and dragged out, due to lack of fresh air, exercise, good food and clogged blood.

Scientists say Phosphated Iron builds up your body by building up your blood and nerves. Many physicians claim there would be few overworked men, nervous women, bloodless old people and pale children, were the benefits of Phosphated Iron more widely known.

There is no need of anyone going around tired all the time, nerves on edge, suffering with poor blood and lack of energy when Phosphated Iron will make you feel like a live one, make you look 100 per cent better, give you restful sleep, brace you up so you can work with ease and enjoy life once again.

Get Phosphated Iron today and start in right, you owe it to yourself and friends to make just this one effort to regain health, strength and happiness.

To insure physicians and their patients getting the genuine Phosphated Iron we have put in capsules. Do not take pills or tablets. Insist on capsules.

PEPSINCO

ONE AFTER EACH MEAL FOR A WEEK

You'll be surprised how good you will feel. Pepsinco cures stomach trouble; it regulates the bowels. It aids nature. Pepsinco is used by thousands every day, simply because it helps them.

In mild cases of stomach disorder a few doses are necessary. In severe cases Pepsinco is used with wonderful results.

Mr. C. says that he suffered 15 years and Pepsinco helped him to such an extent that he eats heartily and suffers no pain. You take Pepsinco and cure your stomach trouble.

All Druggists Sell It.

to prevent the actual starving of these European peoples, if the blockade are modified and if ships are sent at once to Australia, the East Indies, South America and South Africa, to bring in the cereals, meats, fats, and sugar, which have not been available on account of the shipping conditions, provided the American people continue to eat only to sustain bodily health and vigor, and thereby create vast surpluses of the staple food products for overseas shipment. Without the continued conservation in America the necessary food supplies cannot be assured. We need not worry about the food supplies of the enemy countries if the allies relax the blockade. Germany can provide for the needs of her own people from her own resources and from sources other than our own."

Dr. Barnard who recently returned from the conference of state administrators at Washington, outlined to the county administrators the grave food situation facing the world, showing that it will be just as necessary to continue preventing waste of food products until the world gets back on a peace basis as it was while actual warfare was in progress.

The present food administration organization will continue in effect until a "legal peace" is declared, which may be many months.

After that time the work may be turned over to the department of agriculture or some other governmental agency but not before.

FUEL ORDERS STAND.
Washington, November 21.—Signing of the armistice with Germany will not affect the status of the fuel administration. Administrator Garfield has announced. Notice was given by Mr. Garfield that the rules and regulations and the supervision of the fuel administration in force will continue until the signing of the peace treaty.

NOV. 28 THANKSGIVING DAY

Washington, Nov. 20.—President Wilson, in a proclamation, has designated Thursday, November 28, as Thanksgiving day, noting that this year Americans have special and moving cause to be grateful and rejoice. Complete victory, he said, has brought not only peace, but the confident promise of a new day as well, in which "justice shall replace force and jealous intrigue among the nations."

E. B. Thomas Outlines Future Policy
Which Calls For Equally as
Great Activity

The remarkable achievements of the Rush county chapter of the American Red Cross were recited at the annual meeting last night, in the reports which were submitted by the heads of the various departments, and the policy of the chapter in the future, which calls for equally as great if not greater activity since hostilities ceased, was outlined by E. B. Thomas, the chairman.

The same officers of the chapter were re-elected, with Mr. Thomas as chairman; Miss Henrietta Coleman, vice-chairman; Lewis M. Sexton, treasurer, and Mrs. Marian M. Jones, secretary. The report of the nominating committee, which was composed of A. L. Gary, A. L. Riggs and R. E. Mansfield, recommending the names of ten members, together with the chairman and secretary, as the executive board, and the names of twenty-five others, twelve from the city of Rushville and thirteen from the townships, as directors, was accepted without a dissenting vote.

The last task that confronts the Red Cross in dealing with the problems of reconstruction and creating an atmosphere to combat the current belief that the services of the Red Cross are at an end, with the war over, was briefly stated by Mr. Thomas. He referred to the calls for refugee garments and knitted articles which are already coming in, and to the program which has been worked out for the committee on civilian relief. He also mentioned the Roll Call week campaign, the goal of which is to enroll sixty percent of the population of the United States as members of the Red Cross, as the really big effort which will test the efficiency of the Red Cross organization.

The annual report of the treasurer, Lewis M. Sexton, covering the period from October 24, 1917 to November 16, 1918, shows receipts of \$20,640.95 and expenses of \$14,612.09, leaving a balance of \$6,028.86 in the treasury. The main items of the expense consist of \$10,045.42 expended for materials and supplies, \$3,948 as the American Red Cross' share of membership dues and \$618.67 as miscellaneous expenses.

A supplementary war fund report reveals \$30,775.17 paid in on the two war fund campaigns, counting a balance on hand of \$3,229.80 October 24, which had been collected previously to the last annual report.

The true test of the Rush county chapter's worth rested with the women, upon whom fell the responsibility for meeting the quotas for surgical dressings, hospital garments, knitted articles and wearing apparel for the people of the stricken European countries. Their reports disclose how well they discharged their duties.

The report of Miss Sue Gregg, who is in charge of the knitting department, covering the period from August, 1917 to November 19, 1918, showed the following production: Sweaters, 964; pairs of socks, 2,533; helmets, 6; wristlets, 138; scarfs, 240.

RED CROSS TREATED NINETY-SIX CASES

Report Reveals Remarkable Work
Done in Rushville During the In-
fluenza Epidemic.

COVERS PERIOD OF 16 DAYS

Between October 24 and November 9, a period of 16 days the Red Cross treated ninety-six cases of the Spanish influenza. This was when the epidemic was at its height and the Red Cross relieved the situation by supplying nurses at a time when there were not enough nurses available so that each family could have the services of one.

The Red Cross work was directed by Miss Maud Hunt and she had as assistant nurses Mrs. Flodder, Mrs. Riggs and Mrs. Atkins. The following presented their automobiles daily for use in taking the nurses from one home to another and in serving hot soup, which was provided by the Red Cross: Mrs. Jones, Miss Mildred Oneal, Glen Sommerville, Miss Leah Oneal, Mrs. Gowdy and Miss Jennie Madden.

The ninety-six cases were confined to forty homes, five of the families having five patients ill with the malady at one time. In five homes were four persons afflicted all at one time and in seven homes there were three patients each. Five of the ninety-six patients died with influenza or complications arising from it.

UNDER ADVISEMENT

Evidence in the divorce suit of Carrie Younger against Charles Younger was heard by Judge Sparks in the circuit court yesterday and taken under advisement.

SIX NEW CASES OF "FLU"

Two of Number Reported Yesterday
and Today School Children

Six new cases of influenza, two of the patients being school children, were reported to the city health board yesterday evening and this morning. This makes four cases which have developed in the city schools.

The new cases are Miss Marcella Coyne, Miss Margaret Mahin, Miss Letha Dye, Mrs. Harry Wyatt, Mrs. Will McGuire and Jack Mahin, son of Mr. and Mrs. Howard Mahin.

GOLD STAR IS ADDED FOR JAMES SHANNAHAN

Short Memorial Services Are Held
at St. Mary's Catholic Church
Wednesday Night

ONE OF HIS LETTERS READ

Memorial services for James Shannahan, former Rushville boy who was reported to have died of wounds sustained in action October 16, which were held at St. Mary's Catholic church last night following the regular Mission service, was attended by a large crowd of people and was very impressive. The Rev. M. W. Lyons read parts of a letter he lately received from Private Shannahan, in which the soldier said that he felt it was his duty to get into the war. He was twice denied a commission on account of physical unfitness and then enlisted as a private.

The Rev. Father Lyons made a short talk in which he spoke of the patriotism of American boys as exemplified by Private Shannahan, who persevered until he was finally accepted for the army.

The gold star added because of Private Shannahan's death, is the first one in the Catholic church service flag.

CHASE STEWART DIES IN HUNTING ACCIDENT

One Side of His Face Blown Off
When Shotgun is Accidentally
Discharged Wednesday

WITNESSED BY HIS COUSIN

Chase Stewart, age 15 years of Mays was instantly killed in a hunting accident yesterday, when his gun was accidentally discharged.

He and his cousin, Lowell Mansfield, were on the Trabue farm hunting yesterday afternoon and while they were climbing a fence, Stewart's shotgun was in some manner discharged and shot off one side of his face.

No one will ever know just how the accident occurred as Mansfield did not notice Stewart until he heard the shot and saw him falling. The deceased was a member of the Christian church. He leaves his parents, Mr. and Mrs. Charles Stewart, two sisters, Mabel Irene and Ruby, and one brother, Earl, besides two grandmothers, Mrs. Stewart and Mrs. Fannie Emay. The funeral services will be held tomorrow afternoon at 2 o'clock at Center church, with burial in the Center cemetery.

She was first instructed to report yesterday, but did not get the order in time.

GERMAN FLEET IS SURRENDERED

Ten Dreadnaughts, Six Battle Cruis-
ers, Ten Light Cruisers and De-
stroyers Given Up

PASS THROUGH ALLIED LANE

Americans Continue Advance To-
ward Rhine, Occupying Score
of Villages and Towns

(By United Press.)

London, Nov. 21.—The German fleet has surrendered to the grand fleet, the British admiralty announced today.

The American battle squadron and French cruisers and destroyers participated in the ceremony.

The German fleet comprising ten dreadnaughts, six battle cruisers, ten light cruisers and a number of destroyers, was to meet the allied fleet in the North Sea, off the English coast, for the surrender.

According to plans, the German warships were to pass down a long lane of allied craft. The surrender was to be received personally by Admiral Beatty, commander of the British grand fleet. Admiral Rodman is the American commander.

Four hundred allied vessels—the biggest fleet ever assembled—are reported to have met the Germans. The fleet includes five American dreadnaughts.

The surrender is understood to have taken place at a point about sixty miles east of May Isle.

The German fleet followed the prescribed plan in surrendering, with exception of one ship, which is now enroute.

The admiralty made the following announcement:

"The commander in chief of the grand fleet reported at 9:30 this morning that he had met the first and main installment of the German high seas fleet, which is surrendering for internment."

On Soil of Four Countries

With the Americans Advancing Toward the Rhine, Nov. 21.—The American army of occupation is now standing on the soil of four countries—France, Belgium, Luxembourg and German Lorraine.

Today's advance resulted in the occupation of a score of villages and towns. We reached Vitry, ten miles north of Metz. American outposts are now only a few miles from the city of Luxembourg.

The mayor of Luxembourg crossed the lines in an automobile and paid his respects to Gen. Pershing at Longuyon, which is now his headquarters.

In German Lorraine the Americans were welcomed by the inhabitants of French extraction. Those of German descent looked on sullenly.

The Germans sent some staff officers to army headquarters to arrange for handing over the material at Longuyon. This included thirty-nine locomotives, 300 guns and thousands of rifles.

French Occupy Budapest

London, Nov. 21.—The French occupied Budapest, capital of Hungary, on Sunday, it was announced here today.

The French troops occupying the Hungarian capital, included a division of 8,000 men, according to dispatches from Berne.

DENOUNCES TAKING OVER OF CABLES

Senator James E. Watson Charges
President With Bad Faith and
Violation of Law

REASON IS SINISTER ONE

Controlling Cables and Express
Companies Opening Doors to
Socialistic Government

(By United Press.)

Washington, Nov. 21.—Charging President Wilson with bad faith and violation of the law in taking over express and cable companies, Senator James E. Watson of Indiana today declared that the only reason for this action "is the sinister one that is a part of the general policy of government ownership, the opening door to a socialistic form of government."

Watson's speech caused a flurry in the senate.

"I believe the step was taken because the president is loath to give up any of the war powers conferred on him by congress, and his subordinates; especially some of those in the cabinet are unwilling to relinquish power unless compelled to do so."

Watson said it is significant that the cables were taken over on the eve of the president's visit to a foreign country. He added that he had no quarrel with the president's decision to go abroad, "although it was not necessary, provided he had been willing to confide in some of his fellow citizens."

"When President Wilson leaves this country, the cables are as good as cut," Watson added, declaring that he took it for granted nothing that was said in the senate would get to Europe and nothing unfavorable to the president would get here.

"With George Creel controlling information abroad and with Burleson controlling the cables here, the country may be wary," Watson said.

CONGRESS AGREES TO ADJOURN AT 5 TODAY

Resolution to End Long Session
Meets With Senate Opposition
Finally Passing 41 to 18

GOVERNMENT OWNERSHIP BILL

(By United Press.)

Washington, Nov. 21.—Congress today agreed to adjourn at five o'clock, ending its long session. The next congress will convene December 2.

The adjournment resolution was accepted unanimously in the house but in the senate it met with some opposition. It was finally adopted by a vote of 41 to 18.

Sen. Lewis, democratic leader, introduced a resolution committing the senate to government ownership of all public utilities, including telegraph and telephone lines and railways, and of a merchant marine, also of "natural agencies for the production of fuel."

The senate committee on elections by a vote of 6 to 5, killed the proposed investigation into the election of T. S. Newberry, to the senate from Michigan.

TO STRAIGHTEN TANGLE

(By United Press.)

Washington, Nov. 21.—Will H. Hays, republican national chairman, arrived here today in an effort to straighten out the fight between the progressive and old guard republicans over organization of the house and senate after March 4. He conferred with Senators Lodge and Curtis.

PRISON SENTENCES INVOKED BY COURT

Clarence and Frank Talbert and
Charles Malott Must Serve Terms
in State Reformatory.

SILVERTON MILLER IS SENT

Sentence to Penal Farm Given Feb.
15, 1916, Inflicted—Number of
Criminal Cases Dropped.

A large number of criminal cases have been wiped off the criminal docket in the circuit court, many of them being dropped because the defendants can not be found, and in two instances, suspended sentences have been revoked, which resulted in four being taken to penal institutions today.

Three of the number were Frank Talbert, age 23 years; Clarence Talbert, age 18, and Charles Malott, age 19, who together with Carl Rhoades, were sentenced to serve terms of one to fourteen years in the state reformatory, on September last, when they pleaded guilty to the charge of stealing an automobile here. They were arrested in Louisville and were in jail here several weeks before being sentenced.

Their sentence was suspended at that time, but recently a number of violations of the law, including the theft of two bicycles, the robbery of the hotel in Carthage and the passing of a bogus \$10 bill, were attributed to the two Talberts and Malott, and they were arrested Monday, November 4. It was proven beyond any doubt that they were guilty, which resulted in Judge Sparks ordering the penalty to be put in effect. At the time they were sentenced, the boys were fined \$1 and costs and rendered incapable of holding any office of profit or trust for a year. They were also disfranchised.

The same action was taken in the case of the state against Silverton Miller, who was sentenced to serve six months in the state penal farm, and fined \$50 and costs when he pleaded guilty to a charge of wife desertion February 15, 1916. The sentence was suspended at that time but the suspension has been revoked on account of the defendant not having behaved well, and the penalty ordered inflicted.

Irvin Stevens, who was sentenced in the local court December 17, 1912, to serve a term of one to eight years on a charge of larceny, has been finally discharged on the recommendation of the board of trustees of the state reformatory.

The charge of grand larceny against Ralph Wagoner has been dismissed on account of the defendant being in the army.

The case of assault and battery with intent to kill, against Robert Laughlin, and of wife desertion against Clarence Forem, have been nollied on the motion of the prosecutor on account of the lack of evidence.

The petit larceny charge against Thomas McKee and Edward and Herbert Gorman was dismissed as to the two Gormans.

A motion for a change of venue in the case of the state against Albert Curry for trespass, has been overruled.

The following state cases have been dropped from the docket on account of the inability of the officials to locate the defendants:

State vs. Gordon Noble, wife desertion; Iona Reufenacht, accused of a serious offense; William Richetts, issuing a fraudulent check; Martin Kinley, grand larceny; Fred C. Schrieber, grand larceny; Herbert Maple, forgery; Henry Smith, seduction; Samuel Smith, public intoxication; Ephraim Wiley, wife desertion; Charles Davis, assault and battery and assault and battery with intent to kill; Sam Smith, drawing deadly weapons.

DANGER AFTER SPANISH INFLUENZA OR GRIPPE

How It Can Be Avoided and Treated. Simple Rules to Be Followed. No Occasion for Panic

No need of anyone being afraid of the after effects and slow recovery from Spanish Influenza, hard colds or Grippe. If they will use common sense and start in building up their health and strength the right way. The main thing is to get the blood rich, red, and pure, so it can carry life-giving oxygen and strength to every part of the body. Impure blood is the cause of so many slow recoveries and set-backs.

Doctors say: "Get the blood right and the rest is easy, that nine-tenths of all sickness is due to lack of iron and phosphates; the healthy strong, vigorous man or woman's blood is always loaded with these two life-giving elements."

Physicians also claim with fresh air and nourishing food nothing equals Phosphated Iron as a blood tonic and health builder. Phosphat-

ed Iron takes hold from the first dose. Results are seen and felt; strength returns, food digests, appetite picks up, sleep is restful, there is a color in the cheeks and a sparkle to the eye that only blood charged with iron and phosphates can give.

It is the duty of everyone who has had Spanish Influenza, Grippe or a hard cold to build up their system with nature's tonic, Phosphated Iron. It is sure health protection. Safety first. The results will repay you many times. Give yourself a show. Special notice: To insure doctors and their patients getting the genuine Phosphated Iron we have put in capsules. Do not take pills or tablets. Insist on capsules.

IS EQUAL TO ANTHRACITE

Cord of Some Kinds of Wood Has as Great a Heat Value.

In heating value one standard cord of well-seasoned hickory, oak, beech, birch, hardmaple, ash, elm, locust or cherry wood is approximately equal to one ton (2,000 pounds) of anthracite coal, according to estimates by the Forest Service, United States Department of Agriculture. However, a cord and a half of soft maple and two cords of cedar, poplar or basswood, are required to give the same amount of heat.

One cord of mixed wood, well seasoned, equals in heating value at least one ton of average-grade bituminous coal.

NO SHORTAGE OF SEED CORN IN THIS STATE

Will be Plenty, Judging From the Amount of Corn Gathered and Stored This Fall

DRY CORN BEFORE STORING

Lafayette, Ind., Nov. 21.—There will be no shortage of seed corn in Indiana next spring as there was last, judging from the amount of corn gathered and stored properly this fall, declared C. Henry of Purdue University, state leader of the fall selection campaign. "Reports from nearly all the counties show that a great majority of the farmers went into the fields before corn cutting and selected the best samples for seed purposes. Those who practiced field selection in most cases stored it properly, so that it is dry enough that freezing weather will not hurt it."

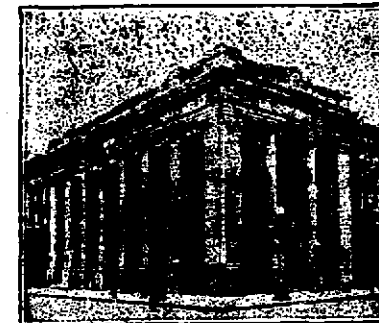

Advices from some counties show that 90 percent of the farmers have their seed gathered, while a number of others indicate that 75 percent or more have their seed selected, and stored. Those who haven't their seed yet are planning to get it at husking time, the second best time for selection.

"Through the work of the county agricultural agents and their supporters this fall, and the memory of the high prices last spring because of the shortage, Indiana farmers have gone over the top on this drive and taken care to prevent a repetition of last winter's worries," concluded Mr. Henry.

Why not get one and save time and labor and make the manure go as far again, thus making it a source of revenue from the start. Where there is much manure to handle, it will pay for itself the first season.

Come and get one. It will save and earn twice as much while you wait for it to become cheaper.

We can give you as good a price as any on the market.

Mid-Season Clearance

Friday, November 22nd to Saturday, November 30th

There's no dodging facts—we've been hit by the unseasonable weather which prevailed during the entire Fall season to say nothing of the influenza epidemic. Our various departments—particularly the section devoted to women's apparel are still crowded with merchandise which has not been moving on account of the unusually warm weather. We've full twice as much Fall and Winter merchandise on hands as we should have. We must get out from under, we must sell this merchandise at once, or else we must face the necessity of carrying it over into another season—a thing never done here. In order to get out from under we have sacrificed profits with reckless prodigality. Clearance is what we want, and clearance is what we will have regardless of the losses involved.

Dime Capitalists

In many large banks the bond departments are being reorganized, and among new features contemplated is a greater abundance of bonds issues in the lower denominations. The innovations arise from the conviction of the directors that they will soon have to deal with a new type of investor—the type that has never invested before.

Those of us who have been in the habit of putting their savings into bonds hardly realize how widespread an ignorance has existed regarding this class of investment. But any Liberty bond salesman has realized it by this time. He has worked to exhaustion answering questions which he thought anybody could

Sap and Salt

By BERT MOSES

Never spank a bee!

Investigate all you please, but don't be a snooper.

The penalty for knocking is to be knocked.

How much worse the itch would be if you could not scratch!

Just about the time your hair stops growing, your waist line begins.

A bad habit sticks as tightly as the drawers in a cheap bureau on a damp day.

The increase in rubbernecks keeps pace with the tendency to cut shirt waists lower and lower, and skirts higher and higher.

answer. "What's a coupon?" "Can you buy groceries with it?" "Can you sell a bond after you have bought it?" "Must you take it to Washington to sell it?"

These mysteries are now cleared away, and most people know you don't save bond coupons up to a total of eleven hundred and then trade them in for premium coffee-pots or tobacco-humidors. The Liberty bond campaigns have elucidated these things—and a few others.

It has taught that the bond department of a state or national bank is widely different from a fraudulent bucket shop. Banks of standing cannot afford to offer doubtful securities for sale; they prosper or decline in proportion as their customer win or lose. One cheated customer could set up a squeal that would wreck the institution.

The movies have led us to repletion on Wall St. romances in which some sinister broker always plays a leading part, and those who get their ideas from movies felt more inclined than ever to hide their savings in mattresses. But they can do better now.

According to General Du Pont it will take about two years to demobilize the American army. There will be plenty of work for our soldiers to do in France after peace has been signed, so that there is no fear of a period of unemployment at home. On the contrary, the work of reconstruction will mean a tremendous circulation of money and its distribution into the hands of the masses in America, and the more readily it is invested by them in sound securities the faster will capital be available for expanding reconstructive programs to more ambitious dimensions.

Peace will bring with it a greater stimulus to saving among the wage earners than ever inspired them before. And here is the keystone of national prosperity.

Irvin S. Cobb says his idea of punishing William Hohenzollern is to let him wander over Europe with his staff and see how well the world can get along without him. This form of punishment might be severe enough, but it wouldn't be safe enough for the former kaiser in some places in France.

The president probably knows that a republican congress can get along without him, which accounts for him placing no limit on his stay in Europe.

President Wilson, like Col. Roosevelt, might have waited until after the next election and then gone off to the jungles.

To all intents and purposes the war is ended, but the government continues to take over the cable lines, then the express systems, and

Influenza and kindred diseases start with a cold.

Don't trifle with it.

now the **Graph** line. It might not be such a calamity if, after the government takes control, rates were not always boosted.

Being the kaiser and All-Highest may be very interesting and delightful, but who would want to be an Ex-All-Highest?

This will be the greatest Thanksgiving since the days of the Pilgrim Fathers. One hardly knows how to specify the causes for thankfulness. However, we might mention Peace by Victory, Marshal Foch, General Pershing, the French 75's, the Yanks the Gobs, the 1918 wheat crop, sugar substitutes, cranberry sauce and pumpkin pie. Add other to suit your individual taste.

After our stunt of wild rejoicing is over will come the serious national questions of reconstruction and re-adjustment. Attention, class! Careful study and close cooperation will be required of us all.

Achievements of Red Cross Revealed in Annual Reports

Continued from Page One

ment, or what is commonly known as the work shop, which is in charge of Mrs. Phil Wilk, was as follows: Hospital garments, 6,006; hospital supplies, 7,036; miscellaneous pieces; 1808; comforts and rugs, 197; relief articles, 1,108, making a total of 16,155 garments. This report covers the sewing department of the sixteen auxiliaries, exclusive of the Ripley and Anderson township auxiliaries at Carthage and Milroy, which shipped their output direct to France.

The urgent need of workers in this department is revealed by the fact that a new quota has been received for 1,700 articles. Women who have been engaged in the surgical dressings classes, which have been disbanded, are requested to enlist in the sewing department.

Mrs. Willard Amos, who is in charge of the work of the auxiliaries, made the following report, which covers the period from Mar. 9, 1918, when she took charge, to November 20, 1918:

Material for 2,528 hospital garments sent to auxiliaries and 3,882 hospital garments received, (the difference between the number sent and received being due to the fact that she received many garments made of material sent out before she took charge); material for 897 relief garments sent, and 824 received; yarn sent (since June 10) 2,067 hanks and received 635 pairs of socks, 147 sweaters, 11 helmets and one scarf.

A report by the secretary showed a total of \$359.89 donated to the Rush county chapter by the various auxiliaries and by individuals who conducted auctions and sales for the Red Cross. The itemized report follows:

1917

Nov. 21—School No. 1, \$23.00; Nov. 30—Noble township, \$10.83; Dec. 1—Shively's corner, \$8.81.

1918

Feb. 8.—Mays Auxiliary (Center township), \$75.00; Feb. 19.—Glenwood Embroidery club, \$5.00; Mar. 15—Orange township (boys cutting wood), \$4.00; April 27—Pleasant Ridge Epworth League, \$4.00; May 29—Washington township (war garden), \$37.75; June 24—Union township (corn), \$3.00; August 23—Richland township, (Mrs. C. E. Kincaid), \$62.75; October 11—Posey township, (second war fund), \$25.25; Nov. 13—Manilla, \$100; Nov. 13—Orange, \$50.

"This is a critical time in the history of the Red Cross," said Mr. Thomas. "There is a disposition on the part of the workers to relax because the war is over. The Red Cross was not organized for the duration of the war. It will continue to be an active relief organization."

He pointed out that its usefulness had not ended by any means and that the need of it was equally as great now as it was during the war. Mr. Thomas said that there is nothing in the world which equals it in volume and the mere fact that it is a volunteer organization reduces red tape to a minimum and makes it mobile. He illustrated this by the fact that the war department, which was not able to carry out its Christ-

mas program for the soldiers overseas, had to call on the Red Cross to make sure that every man gets a gift.

"To tell the story of the Red Cross," he continued, "is to tell the story of the work of between one million and two million women. We are told that the Red Cross won the war. It did in keeping up the morale of the French, in supplying the American hospitals and in caring for the refugees of countries overrun by the Germans."

Mr. Thomas recalled that the American Red Cross never had a membership like other countries, but now the need of it is seen. The slogan of the organization now is he said, "Carry on." A refugee garment now may mean a life saved, Mr. Thomas declared, and there is also urgent need of socks and sweaters. The chapters are not assigned a definite quota, but are asked to decide for themselves what they can do.

"We must create an atmosphere in Rush county," Mr. Thomas asserted, "to overcome the widespread belief that the activity is over, in order to sustain the Red Cross."

The great program ahead of the civilian relief committee in assisting returning soldiers, who are not so badly injured that they will come under the list of disabled men and be cared for by the government.

The one big objective of the Rush county chapter, Mr. Thomas said, is Roll Call week next September, when an effort will be made to recruit sixty percent of the population for the Red Cross. In this connection, he announced that Dr. Francis who was in France several months, would be here November 29 to give an illustrated lecture in the interest of the membership campaign. Dr. Francis will have three reels of moving pictures showing the work of the Red Cross in the war.

The supplementary war fund report is as follows:

Balance Oct. 24, 1917	\$ 3,229.80
Rec. from 1st. war fund	6,545.94
Rec. from 2nd. war fund	20,999.43

Days Pickings

Miss Marcella Coyne is ill at her home with the Spanish influenza.

A nine and a half pound girl was born to the wife of Russell Barringer this morning. The child has been named Katherine Elizabeth.

Bert Reeve has completed a large sale barn on his farm west of the city, one of the most completed and convenient in the county. M. M. Winship had charge of the building.

Mauzy Bebout and family will occupy the McFarlan property in North Perkins street, as soon as it is vacated by the county treasurer, John W. Williams, who will move to his farm near New Salem.

Local merchants have entered a complaint about children carrying away Christmas goods which are on display in their stores. They say that the children actually commit thefts without realizing what they are doing, and that business houses suffer heavy losses thereby. Business men declare that if parents, when they know their children have done such things, do not help to stop the practice, an example will have to be made of some of them.

Amusements

"Bound in Morocco" Tonight

Tonight and Friday Douglas Fairbanks will be shown at the Princess theatre in "Bound in Morocco" a very clever vehicle for Mr. Fairbanks, whose athletics and smiles are constantly in evidence. Another attraction for this evening is the "Allied War Review" and also Mack Sennett in a comedy entitled, "Ladies First". Saturday Alice Joyce takes the leading part in "The Highest Bidder" and Charles Murray will be seen in "Love Loops The Loop."

REAL ESTATE BUSINESS FOR PERIOD IS LIGHT

The real estate business for the period covering the first half of November was light, according to transfers in the recorder's office. Total considerations mentioned in the records are \$71,989.18 and the number of transfers is smaller than usual. The largest single sale of \$14,000, which sum was paid for a farm of 120 acres in Ripley township. The transfers follow:

Health

THE MAN WHO SUSPECTS
That he has kidney trouble and neglects to take measures promptly for its relief is taking a dangerously unwise step. If the kidneys are not properly functioning the function of purifying the blood stream, waste products and poisonous acids remain in the system and cause nervousness, rheumatic pains, backache, languidness, sore muscles, swollen joints, stiffness, puffiness under eyes and other weakening symptoms.

Foley Kidney Pills

Structure and regulate the healthy and normal action of kidneys and bladder, bringing clean blood, sound nerves, clear head, good digestion, active brain, and all round vigorous health.

M. W. Taylor, Calvert, Ala., writes: "My ailment is kidney trouble. I tried three different remedies, but none gave me such relief as Foley Kidney Pills."

15 EGGS A DAY FROM 23 HENS, IN WINTER

Winter, Until He Tried This Plan.
Mr. Duni's Hens Hadn't Laid All

"We have 23 chickens and hadn't had an egg all winter. In five days after feeding Don Sung, we got four to five eggs a day; in three weeks, we were getting 10 to 12 eggs a day; in five weeks we got 15 to 19 eggs a day."—John Duni, Box 102, Cherry Valley, Pa.

Mr. Duni started giving his hens Don Sung last January in zero weather. He now keeps his hens busy in cold weather, when hens usually stop laying. A trial costs nothing. Here's our offer:

Give your hens Don Sung and watch results for one month. If you don't find that Don Sung pays for itself and pays you a good profit besides, simply tell us and your money will be refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be promptly refunded. Call at our store today for a 50c or \$1.00 package.

Threatened With Pneumonia.

Mrs. Mary Kisby, 3533 Princeton Ave., Spokane, Wash., writes: "I was sick in bed with la grippe and threatened with pneumonia. I coughed so very bad. I sent and got a bottle of Foley's Honey and Tar Compound and it stopped my cough and I got better, so now I am around the house. I am 75 years old and can say as long as I live I will praise your medicine." Thousands of men, women and children can testify to splendid results obtained with Foley's Honey and Tar in treating coughs, colds, croup and whooping cough. F. B. Johnson—Adv. 8

IS IMPORTUNED TO GET SONS RELEASE

Con. Richard N. Elliott's Good Offices Sought to Restore Boys to Civilian Life

HE IS POWERLESS TO ACT

Cites General Order Just Received From Secretary Baker Showing Plans of Department

Connersville, Ind., Nov. 21.—Ever since the signing of the armistice Congressman Richard N. Elliott, who is at home, has been importuned by fond parents and anxious friends to use his good offices to the end of securing the immediate release from military or naval service of this, that or the other boy, either at some home camp or abroad.

Mr. Elliott, as is his way, has heard all these appeals in the kindest spirit, but he has felt his inability to do much in the way of answering them. The fact is that every other Congressman in the United States has been stormed by similar appeals. For all of these prayers—which are as human and natural as anything in the world—were answered, there would be such disruption and confusion in the ranks of the United States army and navy as no word but rout would fit. Moreover, the army and navy proceed under rules which a Congressman cannot change, any more than he could bid the sun stand still and be obeyed.

Congressman Elliott has just received the following general order, signed by Secretary Baker, which sets out some of the Government's intentions, and which he requests to be published, believing that it will set the whole case more clearly before the people:

The signing of the military armistice enables us to suspend the intensive military preparation in which the country was engaged. It does not, however, signify the formal end of the war and it will, therefore, be necessary for us to keep under arms a substantial army until we are certain just what the military needs of the country will be. The men in service in the United States will be demobilized as rapidly as is consistent with the needs of the Government and the War Department is working with the other agencies of the Government toward a rapid reestablishment of normal business conditions and the restoration of the soldiers to their homes and occupations. In the meantime I desire to express to the officers and soldiers under arms in the United States the appreciation of the department for their patriotic zeal and service. That they were not called upon to go abroad and not permitted to participate in the historic struggle in France leaves them none the less a part of the great Army of our nation and entitled to the thanks of the nation for their readiness to serve. All officers and men can rely upon the sympathy and activity of the department in their early return home. Both officers and men will realize that it is their duty to continue with the training and work, and to maintain in the highest degree the discipline and soldierly bearing which is the great glory of the Army, of which they are a part.

60 DEGREES ALL NIGHT

Just think of the happiness and comfort that warm, evenly heated rooms hour after hour on long wintry days give you and your family—a temperature that will be kept at exactly the degree set.

Consider the fact that your heat is turned on automatically in the morning before you arise so that you will have no shivering with your dressing.

Consider what it means to be away from home and know that the heating plant cannot over-heat and cause a fire or damage the plant—that the heating plant needs no vexing attention whatever.

Friday

Mr. and Mrs. Aiden Johnson, living near Rushville, entertained the following guests for dinner Sunday: Mr. and Mrs. Claude Krammes and family, Mr. and Mrs. Earl Wilson and family, Mr. and Mrs. James Johnson and family, Mr. and Mrs. John Menkam and family, Mr. and Mrs. Lillian Kirtley of Connersville.

Mrs. Guy Abernethy will be hostess for the members of the Grand club Tuesday afternoon.

The members of the War Mother's club will meet Saturday afternoon at the home of Mrs. Elmer Humes in North Harrison street.

Mrs. Charles Frazee will entertain the 500 club tomorrow afternoon at her home in North Main street.

Tomorrow evening at 7:30 o'clock the members of the Rebekah lodge will meet and a good attendance is desired as officers for the coming year will be elected.

The Dunning Music club Study held its first meeting last evening at the home of Mrs. Will Meredith. A very interesting program was given with Miss Mary Helen Elder as the leader. The following new officers were elected: Katherine Blount, president; Margaret Herkless, secretary; Kenneth Craig, treasurer.

At the home of Mr. and Mrs. Roy Murphy in New Salem, the members of the I-U-Go club and their families were entertained last Friday evening. Besides the thirty-five members of the club, there were three guests, Mrs. Elmer Darnell and Mr. and Mrs. Ed Logan.

Mrs. Earl Moore was hostess last evening for the members of the Kappa Kappa Kappa sorority at her home in North Harrison street. During the business session there were

many plans discussed but nothing definitely decided upon. The remainder of the evening was spent in knitting and a very interesting talk on Squaw life at Camp Shelby, Miss., was given by Mrs. C. J. Tucker.

Martha Poe chapter No. 143, O. E. S., will have a called meeting in the Masonic temple tomorrow night at 7:30 o'clock. The degree will be conferred and a large attendance is desired.

Mrs. Will Sparks entertained the members of the Pirate Bridge club this afternoon at her home in North Main street. The afternoon was enjoyably spent over the tables.

Last evening about twenty-five members of the Loyal Daughters French class met in the parlors of the church and began the study of French. They are studying "Soldiers' Spoken French," which is under the direction of Mrs. Albert Allen, who has made it a study for many years. The next meeting will be held Monday evening promptly at 7:30 o'clock in the parlors of the church.

A number of social affairs have been given this week in the honor of Mr. and Mrs. Guy Gordon's house guest, Miss Benie Weigand of Indianapolis. Mrs. Gordon entertained Tuesday afternoon with a sewing party, Miss Bertha Helm with a theatre party, Mrs. Guy Mulbarger, this afternoon with a bridge party, and Mr. and Mrs. Lincoln Gary entertained last evening with a dinner party.

FUTURE OF S. A. T. C. IN DOUBT, SAYS BAKER

Secretary of War Says Colleges Will be Assisted in Returning to Normal Courses.

NO HARDSHIPS INFLICTED

Washington, Nov. 21.—Studies are being made of the situation in which the ending of the war leaves the students' army training corps, Secretary of War Baker says, in order that measures may be adopted to permit the release of such of its members as desire an immediate return to civil life, or who wish to continue in school, but in purely academic courses.

Mr. Baker said that the colleges concerned would be assisted in returning to their normal work, and that whenever they had a student body sufficiently large to resume functioning on a prewar basis their obligation toward the war department would be cancelled. Whenever it is found that a school's resources and students had been turned over to the government plan so far that the change can not be made, he said, the present arrangement would be continued.

WILL NOT RELAX EFFORTS

State Officials Continue to Insist On Early Shopping

Indianapolis, Nov. 21.—Efforts of the state officials to urge early Christmas shopping will not be relaxed even if the armistice has been signed, it was learned today. The state council points out that stores will not be able to procure extra clerks during the holiday season to take care of rush business and that all stores are pledged not to keep open long hours.

Shopping should be done this month or the first week of December at the latest, it was declared, in order to get away from the usual jam just before Christmas.

PRIVATE HARTMAN TELLS OF HORRORS

Former Osgood Boy Serving With Marines in France Writes of Experience on Front.

JULY 4TH PARADE IN PARIS

Says Marines Were Highly Praised By Generals Foch and Pershing.

Leo. L. Hartman, 80th Co., 6th Reg., U. S. Marines, A. E. F., who has many friends and relatives in this county, writes from France and says that his battalion was the first American unit to arrive on the Chateau Thierry front. He declares that he met a lot of French and Algerian soldiers leaving the line who were very discouraged and who said that the Germans would be in Paris in four days. "However," Hartman continues, "we just laughed at them and continued on our way." Hartman declares that he had an inexpressible sensation when he came to hand-to-hand fighting; that he could hear bayonets clashing on every side of him, and see men falling all about him.

"At night time the sky is all lit up from the heavy gunfire. It looks like an electric storm and sounds a hundred times louder; the earth rocks like a cradle and I often wonder what holds it together when it swings and rocks so much from the heavy cannonading," declares the marine.

He says that it is a common sight to see marines sitting about when out of the line reading their testaments, and that war will surely reform the most of them. He asserts that the marines have been highly praised by Generals Foch and Pershing for bravery and we have the name of saving Paris from destruction. He says that after 41 days they started back and thought they were going to get a long rest but instead landed on the Soissons front, where he was wounded in the hip by a high explosive shell.

Hartman says that he has been over the top five times and does not understand how he has escaped alive, for the Germans try in every possible way to kill them; and he goes on to say that he speaks German and enjoys conversing with the prisoners who tell them all kinds of lies, some saying that they are starving in Germany while others say that they have plenty. However, they

know that there is no chance of winning the war and say that it will be over in a few months.

He declares that the stories of the horrors of war are not exaggerated in the least for the Germans will not stop at anything; that it is a common thing to see Belgian women and children with an arm or leg off. He also states that many of the soldiers in action go raving mad because of the terrible scenes and unspeakable noises. "I have not gone mad, but I have been so weak after an encounter that I could scarcely carry my rifle," continues Private Hartman.

He closes by declaring that he was in Paris on the Fourth and saw the parade which was given in honor of our Independence Day, and says that the French people strewed flowers all over the streets and pinned them on every American soldier they saw. He writes that the city rang with "Viva la America."

Private Hartman formerly lived in Osgood.

FORMER KNIGHTSTOWN MAN IS DECORATED

Colonel Ham, Who Was Wounded in Action, is Awarded Distinguished Service Cross

DISPLAYED GREAT HEROISM

Colonel Samuel V. Ham, formerly of Knightstown, who was reported wounded severely in action and has been awarded the distinguished service cross, according to an announcement from Washington. Colonel Ham is a graduate of West Point and has been in the regular army for several years. He was with the 109th infantry when he was wounded. The announcement concerning his decoration is as follows:

"For extraordinary heroism in action near Magnoux, France, September 6, 1918. By courageously leading his firing line in the advance across the Velle river from Magnoux towards Mascourt, Colonel Ham exemplified the greatest heroism and truest leadership, instilling in his men confidence in their undertaking, having been severely wounded, and unable to move, he remained for ten hours on the field of battle, directing the attack, and refused to be evacuated or receive medical attention until his men had been cared for."

Victory Sale!

Announced in last week's papers is now in full swing at Boxley's Piano Store and has brought many people to this store for purpose of selecting and buying early.

The astonishing low prices at which these beautiful Player-Pianos and Phonographs are being sold in this sale is attracting buyers. The sale prices are far below the regular established Prices on these goods—made possible only by our large January and February purchases. As stated in our ad last week this stock of instruments were bought from the manufacturers just before the raise in price.

You can save from \$50.00 to \$110.00 on a new piano or player piano out of our present stock. This sale means money to you if on the market for a musical instrument. We have many styles and finishes in following high-grade makes: "Kimball"—"Cecilian"—"Victor"—"Farrand"—"Hinze"—all at marked down sale prices.

Also the following used pianos taken in exchange—at great bargain prices: (1) "Starr," (3) "Jessie French," (1) "Chase" (1) "Shaff Bros.," (1) "Harvard"—and (14) Parlor Organs—included at prices from \$5.00 up to \$25.00.

Save from \$10.00 up to \$35.00 on a new phonograph in this sale. Some of the most beautiful models ever shown here—all finishes—and all standard makes. Remember standard makes are sold everywhere at one fixed price. This sale means real money saved to you. Don't hesitate to come in—let us play these instruments for you. See the prices for yourself. This is our regular line of phonographs: "Brunswick"—"Kimball"—"Columbia Grafonolas"—"Pathephones"—These are all phonographs of high standing and guaranteed.

LET THESE COLUMNS BE YOUR GUIDE

The Biggest Money-Maker on the Farm

Every good farmer MUST have a plow, a cultivator or a wagon and some other things. He cannot raise a crop without a plow, but he can raise a crop, such as it is, without a manure spreader.

All farmers buy plows, cultivators and wagons because they have to, just as the small boy goes to school because he is compelled to.

When a boy grows big so he knows the value of schooling, he goes because he wants to. When a farmer grows big to know the value of a manure spreader and how many more bushels it will make each of his acres produce, he buys it, not because he is compelled to, but because he knows it is the best money-maker he can put on his farm.

If our country demands more food, if we must feed besides the people of our own United States, many of the peoples of the belligerent countries, our duty is plain—we must make every acre produce to its limit. There is no machine that will increase the otherwise normal output of any acre of ground as much as the manure spreader. There is no machine made today that will INCREASE the food production of this country as will the spreader. There is no manure spreader made that will come nearer the ideal or perfect machine than the RUSHVILLE SPECIAL Spreader you will find on our sample floor. Come in and see it.

Spotted POLAND CHINAS

Sugar Grove Stock Farm, 4½ miles west of Rushville, 2½ miles east of Arlington. 1 & C. traction stop 26. All cars stop on day of sale

Saturday, Nov. 23, 1918

SALE BEGINS AT NOON

The Spotted Polands is not a new breed of hog, older men will tell you they were the first Poland hogs imported here in this country. They are prolific, with good backs and a springy rib which enables them to carry the pounds. They are the kind that feed at any age and make a large and profitable hog for the farmer to raise.

SALE TO BE HELD RAIN OR SHINE in our new sale pavilion and hog barn. Come and inspect one of the best built barns in the Middle West. We will be glad to have everybody who is interested in the growing of swine to attend, as there is room for all. Come and look these hogs over before the sale. I can refer you to several Rush county men who have crossed them with other hogs for feeding purposes, and a number who have the pure bred ones from this herd.

HOW WEAK, NERVOUS WOMEN QUICKLY GAIN VIGOROUS HEALTH AND STRONG NERVES

7 A DAY FOR 7 DAYS

A Vigorous, Healthy Body, Sparkling Eyes and Health-Colored Cheeks Come in Two Weeks, Says Discoverer of Bio-feren.

World's Greatest Health Builder
Costs Nothing Unless It Gives to Women the Buoyant Health They Long For.

It is safe to say that right here in this big city are tens of thousands of weak, nervous, run-down, depressed women who in two weeks' time could make themselves so healthy, so attractive and so keen-minded that they would compel the admiration of all their friends.

The vital health building elements that these dependent women lack are all plentifully supplied in Bio-feren.

If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away.

It costs but little and you can get a original package at any druggist anywhere.

Take two tablets after each meal and one at bedtime—seven a day for seven days—then one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started your money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux Vomica; Powdered Phenolphthalein; Oleoresin Capsicum; Kola.

PIGS GET WORMS VERY YOUNG

The time to commence feeding ACME WORM BOUNCER is from the time they are old enough to eat. Feed from birth to maturity. It will only take a few cents worth to do it, and as "an ounce of prevention is worth a pound of cure," it certainly pays to start the pig off right, and if you do so you can keep him right. Worms are persistent pests and they must be fought continuously. There is more money in keeping your pigs free of worms than to let them get worms and even expel them.

WOMEN OF STATE TO GO TO LEGISLATURE

Main Fight Will Center on a Resolution Calling a Constitutional Convention

WANT EQUAL SUFFRAGE TOO

Indianapolis, Ind., Nov. 21.—Women of Indiana are going before the next session of the legislature with a large program of reconstruction policies, leaders of various woman's organizations attending the annual meeting of the Indiana Federation of Women's clubs here pointed out today.

The main fight of the women will center on a resolution submitting the question of calling a constitutional convention to the voters. They believe that most of the objects which they wish to obtain may be obtained through a new constitution.

The women will also ask the passing of a joint resolution giving women equal suffrage with men.

Ratification of the amendment to the national constitution providing for prohibition will also undoubtedly be strongly urged.

City Officials Asks Changes in Statutes Affecting Cities of State

(By United Press.)

Indianapolis, Ind., Nov. 21.—City officials of Indiana meeting here yesterday decided to ask the legislature to pass laws providing for the following:

Increase of the tax levy for general purposes to \$2; home rule for cities; municipal control of such public utilities as gas plants and ice plants; give the mayor control over the police department rather than the city council; increase salaries for city officials and city employees.

For Burning Eczema

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or \$1.00 for extra large size, get a bottle of Zemo. Zemo is a clean, dependable and inexpensive, penetrating, antiseptic liquid. Try it, as we believe nothing you have ever used is so effective and satisfying. The E. W. Bell Co., Cincinnati, O.

CLUB WOMEN HEAR TALK BY BARNARD

Today's Session of Federation Devoted to Consideration of the Food Question

RECOGNIZED AS PARAMOUNT

Dr. Barnard Hopes Staggering Cost Will be Justified by Permanent Peace

Indianapolis, Ind., Nov. 21.—Featuring the program of the Indiana Federation of Women's Clubs, in session here today, was the address of Dr. Harry E. Barnard, federal food administrator for Indiana, who discussed the enlarged responsibilities of the nation, in feeding the hungry world. The session of the federation was devoted to consideration of the food question, which was recognized as paramount, both as pertains to the reconstruction of the old world, and the successful readjustment of the new.

"We hope the staggering cost will in the years to come be justified by permanent peace," said Dr. Barnard. "We may well believe that when the weapons of war have been re-forged into instruments of peace, the plain people will never again tolerate any government which does not exist by their consent and function to their will. In upholding this new world, America must play the leading role. We have saved the soul of civilization. Now we must care for its sick body. And in the sick room of all Europe just as in the chamber at home, food is the prime essential to return to normal health."

"Famine breeds anarchy. A well fed people think straight outright, but hunger stirs the masses to revolution. Hunger is the mightiest weapon of destruction. Turned as it is, against millions in war torn Europe, it makes stable government impossible and before the winter we are now entering, is over, the hunger battle will destroy more victims than the four years of war. Our fields of wheat and corn, our cattle and hogs, our fats and oils are the only forces that will defeat hunger."

"The people of Indiana have been a mighty force in Hoover's army. They have fought with food until literally our slogan 'Food will win the war' has carried us over the top and forced the last citadel of the enemy. Will we continue the conservation program with a new slogan? Will the phrase 'Save food for humanity' strike the same responsive chord in the heart of every Hoosier? 'The Food Administration will not disband. It will not relax its efforts and it will as always, look to the women of Indiana to do the work.'"

Dr. Barnard then outlined the plans for conservation week, December 2-7, which begins with a message to the people through the churches and closes with a special program in the schools.

TASK CONFRONTS HEALTH SERVICE

Problem of Combating Spread of Venereal Disease Among Civil Communities Big One

HAS ADDED IMPORTANCE NOW

Coming of Peace Makes it Necessary to Have Clean Communities for Soldiers.

Washington, Nov. 21.—"The task of combating the spread of venereal disease among the civil communities of the United States, is a task that has taken on a tremendously added importance with the coming of Rupert Blue of the U. S. Public Health Service.

Fortunately, Congress enabled us to organize our Division of Venereal Diseases a sufficient time ahead of the coming of peace to enable us to make appreciable headway in the task of securing clean communities to which our returning soldiers may come. And, while the job of fighting vice diseases is first, last and all the time, a civilian job, it must not be forgotten that it was the vast amount of venereal disease that was creeping into our military service from civil life that first awakened us to the need of the work. The estimates of some of the military authorities were to the effect that no less than five-sixths of all the vice disease in the army was brought there from civil life."

Statistics dealing specifically with venereal disease among the men entering the training camps have just been issued. These figures deal with one million men, a quota from every State in the Union. These figures show that the State sending in the least proportion of men afflicted with vice diseases was Oregon with .59 per cent. The largest percentage of infected men was furnished by Florida with 8.9 percent.

"Statistics dealing with this subject since Congress placed the whole matter in charge of the U. S. Public Health Service are now being compiled and it is expected that they will show a marked improvement."

Rheumatism Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Allenru relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels. It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful, all traces disappear in a few days. All druggists can supply you.—(Adv.)

TO TRY GERMAN OFFICERS

French Official Orders Prosecution For Shocking Crimes

Paris, Nov. 21.—Following investigations in Lille and in the department of the North sea definite charges have been made against German officers guilty of having ordered, or having themselves committed shocking crimes.

On evidence revealed by a commission of inquiry, the undersecretary of state at the ministry of justice has ordered criminal proceedings against the German officers. They will be tried by court-martial in their absence if the allies are unable to obtain their arrest, but the sentences passed will remain valid.

Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink hot water each morning before breakfast.

Why is man and woman, half the time, feeling nervous, despondent, worried; some days headachy, dull and unstrung; some days really incapacitated by illness.

If we all would practice inside-bathing, what a gratifying change would take place. Instead of thousands of half-rick, anemic-looking souls with puffy, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning inside-bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone, its cleansing, sweetening and refreshing effect upon the system.

Mooney for Banana Pool "Gots-It"

Only Real Way to Get Rid of Corn.

Which do you prefer—a corn that pulls or a corn that gets? Buttery or blissey? Only "Gots-It" can get rid of your corn the peel-off way, the blissey way. You don't need a pull.

"Come Never Trouble Me, I Use 'Gots-It'!" Why hump yourself up on the floor and with your jaws set and eyes popping from pain, jerk and gouge and cut your corn? Why irritate your toes with some false or wrap your toe into a big painful bundle with some sticky tape or plaster? Life is too short. Use "Gots-It"—it takes a few seconds to apply and there's no fussing. Corns go away. Wear new shoes if you want. Peel off the corn with your fingers—the whole thing, root and all, clear and clean, and it's gone! Only "Gots-It" can do this. Take no chances. "Gots-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago, Ill.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils
Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffing, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

INDIANA'S PART IN CONSERVING FOOD

State-wide Conference of Food Administrators and Others is Held Today.

STIRRING PATRIOTIC TALK.

G. Harold Powell Representing Herbert Hoover, says America Faces New Food Problems

Indianapolis, Ind., Nov. 21.—Indiana's extended responsibility in the conservation of food, was emphasized at a state-wide conference of county food administrators, presidents of United States food clubs, demonstration agents, Red Cross representatives and others, here today. G. Harold Powell, representing Herbert Hoover, federal administrator, now enroute to Europe for a world survey, made the principal address of the meeting, which was featured by a patriotic atmosphere and a determination to continue the work that has made a proud name for the state in all war activity.

"America is facing a new food problem, with the signing of the armistice," said Mr. Powell. "We are suddenly confronted with the question of helping to support two hundred million hungry European people. These include Belgium, Serbia, Holland, Greece, Portugal, and a population of nearly seventy five millions. They must be fed largely with imported foods. On account of the blockade, the northern neutrals, with a population of forty-one millions have been on low food rations and we must send them enough food to prevent the spread of anarchy and the break down of their governments. We must continue to send the seventeen million tons of food to our big allies, including England, France and Italy, with a population of 126,000,000, which the United States has promised to send. In Northern Russia there are forty million starving people. Their government and their transport systems are in chaos. They are without hope of help from the outside. Before the next harvest, the only people in Europe who will not have to depend on importation of food to take them through the winter are Hungary and Southern Russia.

"There is surplus enough in the world, except the group of fats, including pork oils and dairy products

DOCTORS URGE PEOPLE TO USE MORE IRON AND PHOSPHATES

They Come Out Strong For Phosphated Iron

Leading doctors all over the country are rapidly learning that one of the best preparations they can always depend on for all blood and nerve troubles is Phosphated Iron, they have found that it gives results and can be depended upon.

Phosphated Iron has proved a real red blood and nerve-builder to so many who are all run down and dragged out, due to lack of fresh air, exercise, good food and clean, unobstructed blood. Scientists say Phosphated Iron builds up your body by building up your blood and nerves. Many physicians claim there would be few over-worked men and nervous women, bloodless old people and pale children, were the benefits of Phosphated Iron more widely known.

There is no need of anyone going around timid or all in nerves on edge, suffering with poor blood and lack of energy when Phosphated Iron will make you feel like a live one, make you look 100 per cent better, give you restful sleep, brace you up so you can work with ease and enjoy life once again.

Get Phosphated Iron today—and start in right now owe it to yourself and friends to make just this one effort to regain health, strength and happiness.

To insure physicians and their patients getting the genuine Phosphated Iron we have put in capsules. Do not take pills or tablets. Insist on capsules.

to prevent the actual starving of these European peoples, if the blockade are modified and if ships are sent at once to Australia, the East Indies, South America and South Africa, to bring in the cereals, meats, fats, and sugar, which have not been available on account of the shipping conditions, provided the American people continue to eat only to sustain bodily health and vigor, and thereby create vast surpluses of the staple food products for overseas shipment. Without the continued conservation in America the necessary food supplies cannot be assured. We need not worry about the food supplies of the enemy countries if the allies relax the blockade. Germany can provide for the needs of her own people from her own resources and from sources other than our own."

Dr. Barnard who recently returned from the conference of state administrators at Washington, outlined to the county administrators the grave food situation facing the world, showing that it will be just as necessary to continue preventing waste of food products until the world gets back on a peace basis as it was while actual warfare was in progress.

The present food administration organization will continue in effect until a "legal peace" is declared, which may be many months.

After that time the work may be turned over to the department of agriculture or some other governmental agency but not before.

FUEL ORDERS STAND.

Washington, November 21.—Signing of the armistice with Germany will not affect the status of the fuel administration. Administrator Garfield has announced. Notice was given by Mr. Garfield that the rules and regulations and the supervision of the fuel administration in force will continue until the signing of the peace treaty.

NOV. 28 THANKSGIVING DAY

Washington, Nov. 20.—President Wilson, in a proclamation, has designated Thursday, November 28, as Thanksgiving day, noting that this year Americans have special and moving cause to be grateful and rejoice. Complete victory, he said, has brought not only peace, but the confident promise of a new day as well, in which "justice shall replace force and jealous intrigue among the nations."
